FACE SHIELDS DONATED TO FIRST RESPONDERS

Since the COVID-19 pandemic started, we have all been trying to navigate a new "normal". We hope you and your loved ones are safe and healthy during these challenging times.

The ICOI recently teamed up with Park Dental Research to produce face shields. We donated these to Bergen New Bridge Medical Center to help support the medical staff who are fighting this disease on a daily basis. Thank you to all of the first responders who are keeping us safe and hopefully these shields will help to keep you safe.

ICOI WINTER IMPLANT SYMPOSIUM HOUSTON, TEXAS

February 27-29, 2020

Ideally located in the vibrant downtown district overlooking Discovery Green Park and just minutes from Minute Maid Park and the Toyota Center, the Marriott Marquis Houston was the host hotel for the ICOI Winter Implant Symposium, February 27-29, 2020. It is also home to the world's largest Texas-shaped rooftop lazy river, which attendees were able to enjoy during their stay.

Themed "Future Trends in Oral Implantology", this event brought together a stellar line-up of world class speakers focusing on the trends in oral implantology as well as prevention of dental implant complications.

A special thank you to our event sponsors:

PLATINUM SPONSOR: Glidewell Dental

GOLD SPONSOR: Impladent, Ltd.

SILVER SPONSORS: Augma Biomaterials,
Birdeye and Salvin Dental Specialities

Pre-symposium courses held by each of these companies on Thursday, February 27th, were very well attended. Thank you, sponsors, for your contribution and support in making this event a success.

Continued on next page

After the pre-symposium courses, the rest of the day was devoted to our "Young Implantologists." The afternoon session on Thursday, February 27th, showcased the innovative ideas of our newer practitioners in the field of implant dentistry. Speakers included: Drs. Greg Caldwell (El Paso, Texas), Mohamed Elghannam (Nottingham, Maryland), Giuseppe Grasso (Rome, Italy), Inés Fernández Guallart (New York, New York), Ana Lopes (Lisbon, Spain), Stuti Muchhala (Mumbai, India), Christopher Resnik (Philadelphia, Pennsylvania), and Amanda Sheehan (Waterford, Michigan).

Thursday evening, delegates attended our Welcome Reception, which featured our very popular Tabletop & Poster Competition. Thank you to all participants!

Presenters included:

Dr. Tanatorn Asvaplungprohm (New York, NY) POSTER: Clinical Advantages of The Customized Alveolar Ridge Splitting Technique In Anterior Maxilla

Dr. Scott Coleman (Houston, TX) Accuracy of Cerec 3 Guide in Astra Implant Placement

Dr. Daniel C. Delrose (Ellenton, FL) POSTER: Instrument to Facilitate PRF Membrane Placement

Dr. Jacqueline Eriguel (New York, NY) POSTER: Treatment of Failed Sinus Augmentation with Crestal Approach and Restored with Meso-Structured Overdenture

Dr. Nyer Firdoose (Riyadh, Saudi Arabia) POSTER: Coronoid Foramina of Mandible A Recent Discovery in Humans: Case Series of 40 Pts Including a Pediatric Variant

Dr. Hyongsup Kimm (New York, NY) POSTER: Clinical Considerations for Single Posterior Zirconia Implants

Drs. Ivan Navarro & Andrea Navarro (San Jose, Costa Rica) Immediate Rehabilitation of Ectodermal Dysplasia Patient with All-on-4 Technique, Zygomatic and Standard Dental Implants, Clinical Case

Dr. Macarena Rodriguez Fernandez (New York, NY) POSTER: Clinical Strategies to Prevent Further Pneumatization After Sinus Augmentation

Dr. Mitsuhiro Sawada (New York, NY) POSTER: Considerations for Sinus Augmentation in Single Implant

Dr. Naoki Shoji (New York, NY) POSTER: Factors Influencing the Accuracy of PA and CBCT in the Posterior Maxilla

Dr. Dimitrios Tsitsimelis (New York, NY) POSTER: Esthetic Implant Restoration for Extremely Atrophic Maxilla Lateral Incisor Area

Dr. Juergen Weber Branca (Bern, Switzerland) Immediate Loading of A Bar-Supported Overdenture On Four Implants In The Inter-Foraminal Region Of The Edentulous Mandible – A 20-Year-Follow-Up: Evaluation of Patient Satisfaction By Using The OHIP-14 Form

ADIA

Tabitha Acret (Fannie Bay, Australia) All-on-Four Implant Maintenance

Patsy Avery (Bokchito, OK) POSTER: Medical Billing for the Dental Practice

Sandi Tocquigny (Bells, TX) Vaping: The Ugly Truth

The winners were, **First Place:** Dr. Juergen Weber Branca, **Second Place:** Drs. Ivan Navarro & Andrea Navarro, and **Third Place:** Dr. Tanatorn Asvaplungprohm. Congratulations to all!

First Place: Dr. Juergen Weber Branca

Second Place: Drs. Ivan Navarro & Andrea Navarro

Third Place: Dr. Tanatorn Asvaplungprohm

ICOI WINTER IMPLANT SYMPOSIUM IN HOUSTON, TEXAS *continued*

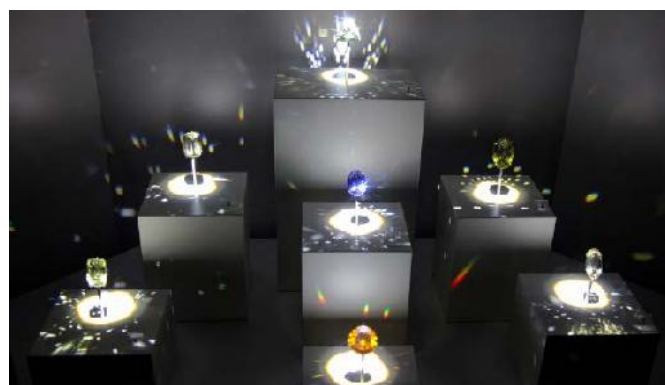

Friday morning, the main podium lectures began with Dr. Randolph Resnik discussing "The Treatment of the Posterior Maxilla: Short Implants vs. Crestal Bone Grafting vs. Lateral Protocols." Dr. Stephen Caldwell followed with his lecture, "Incorporation of CBCT/Digital Imaging into Advanced Implant/Restorative Treatment Planning and Surgical Execution" and after a short break, Dr. Michael Pruett continued with "Implant Placement and Provisionalization: The New Trends." Dr. Alejandro Sosa concluded the morning session with "Digital Smile Planning - Its Role in Treatment Planning and Implant Placement." After lunch, Dr. John Conness reviewed "Stackable Surgical and Prosthetic Guides: A New Protocol for Fully Guided, Immediate Load Full-Arch Dental Implant Reconstruction" followed by Dr. Aldo Leopardi with his lecture titled "Aesthetic Zone Clinical Realities: Regenerative Approaches versus Prosthetic Equivalents".

The final two speakers of the day were Dr. Frank DeLuca followed by Dr. David Donatelli who spoke about "Emerging Legal Theories in Dental Litigation" and "Avoiding Prosthetic Complications with Full-Arch Immediate-Load Prostheses", respectively.

Saturday morning began with Dr. Joseph Cillo, Jr. and his discussion of "Influence of Novel Systemic Medications on Osseointegration" followed by Dr. Ady Palti who addressed "Implementing Digital Solutions in Implant Dentistry." After a short morning break, Dr. Cyndi Nguyen covered "The Prevention and Management of Nerve and Arterial Injuries in Implant Dentistry"

and Dr. Tom Spalla finished up the morning session with his lecture, "Sinusitis: Implications for Oral Surgery."

Dr. Yahya Mansour began the last session of the event with "It's Complicated: Avoiding, Managing, and Fixing Complications in Implantology." Dr. Frank Zastrow reviewed the "Biological Bone Augmentation: What are the Basics, Where are the Limitations" and finishing up the day were Dr. Claudio Miro with "Most Common Mistakes Made in Implant Dentistry and How to Prevent Them" and Dr. Paul Weigl with "The Unstoppable Trend: Immediate Implant Placement and Single Crown Restoration Enabled by a Progressive Thread Design". Thank you to all of our speakers who helped to make this event a huge success.

Our Gala took place on Friday evening at the Houston Museum of Natural Science. It was a lovely evening of dancing, dining and cocktails among our prehistoric predecessors.

The Awards Ceremony, held immediately after the last lecture, was a time to honor our delegates who received their advanced credentials.

Awarded their Diplomate credentials at this event were:

Dr. Talal Alali
Pittsburgh, PA

Dr. Bruce Bosler
Vacaville, CA

Dr. Justin Chi
Irvine, CA

Dr. Yoo Jin Chung
Pittsburgh, PA

Dr. Nathan Dinh
Huntington Beach, CA

Dr. Curtis Dugas
Pittsburgh, PA

Dr. Jay Friedman
Carlsbad, CA

Dr. Paul Kukunas
Pittsburgh, PA

Dr. Chuck Majors
Bryan, TX

Dr. Stephen Malki
River Edge, NJ

Dr. Taylor Manalili
Irvine, CA

Dr. Charles McQuade
Andover, MA

Dr. Golnaz Naghdi
Del City, OK

Dr. Brock Nicolucci
London, ON, Canada

Dr. Navin Pathiyil
Pittsburgh, PA

Dr. Ian Petersen
Santa Rosa, CA

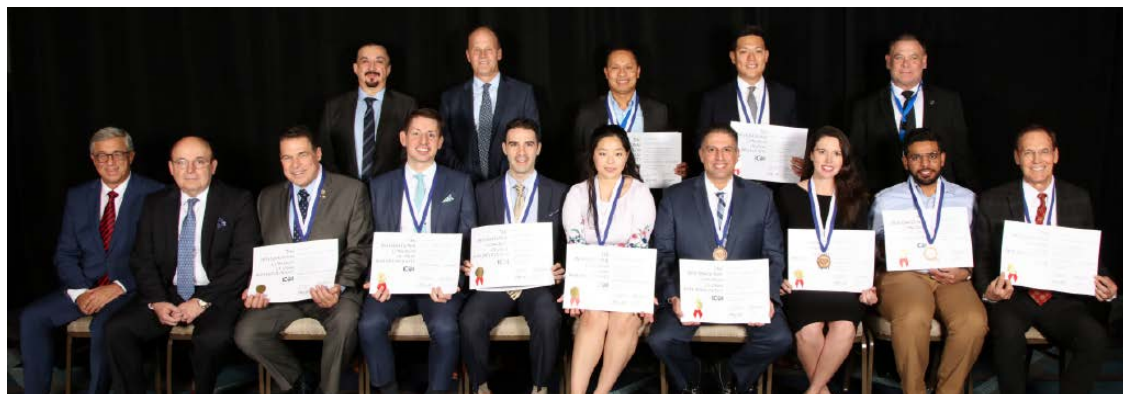

Dr. Jarvid Pour-Ghasemi
Sugarland, TX

Dr. Christopher Resnik
Venetia, PA

Dr. Ramanpreet Saluja
Warren, MI

Dr. Gary Sapienza
Merchantville, NJ

Dr. Ronald Trevisani
Apopka, FL

ICOI Diplomate recipients in Houston.

ICOI Mastership recipients in Houston.

Dr. Georgeann Vargas
Centuria, WI

Dr. Ryan Weaver
Grundy Center, IA

Awarded their Mastership credentials at this event were:

Dr. Mariana Basha
San Pedro, CA

Dr. David Cabanzon
Miami, FL

Dr. Scott Coleman
Houston, TX

Dr. Sam Dauahera
Chicago, IL

Dr. Maria El Byar
Montreal, QC, Canada

Dr. Benjamin Kacos
Shreveport, LA

Dr. Andrew Lee
Thorold, ON, Canada

Dr. Hamed Motlagh
Wheeling, WV

Dr. Brijesh Patel
Schaumburg, IL

Dr. Trevor Pinchin
London, ON, Canada

Dr. Radwa Saad
Hamilton, NJ

***We thank everyone who attended and look forward to seeing you at the
ICOI/ADIA Winter Implant Symposium, in Boston, Massachusetts
on February 18-20, 2021. For more information, please visit www.icoi.org.***

ADIA Program in Houston, Texas - February 2020

The beautiful Marriott Marquis in Houston Texas was host to the ICOI/ADIA Winter Implant Symposium held on February 27-29, 2020. This modern venue offered beautiful rooms, wonderful restaurants and an amazing outdoor pool in the shape of the state of Texas. Attendees were impressed by the stellar group of main podium speakers and the ADIA continued in its tradition of providing the most up to date dental implant education for the entire auxiliary team.

The entire dental team started the congress together on Thursday listening to the Young Implantologists. The line-up of up and coming dental implant speakers was followed by a fantastic cocktail hour. Attendees enjoyed cocktails and appetizers while listening to their colleagues present table clinics and posters. Doctors along with three ADIA members, Tabitha Acret, Patsy Avery and, Sandi Tocquigny showcased their skills and knowledge to an attentive audience of their peers.

The ADIA program continued Friday with an outstanding roster of main podium speakers. Tracy Butler, Debbie Seidel-Bittke, Michelle Strange and Anna Louise Tolan shared their knowledge and experience and entertained the audience with their personal stories.

The highly acclaimed ADIA advanced certification courses were presented to an eager audience of auxiliaries on Saturday. The certification courses are specifically designed for assistants, hygienists, practice managers and implant coordinators which provided attendees with an abundance of knowledge making them an integral and indispensable part of the dental implant team. The certification courses are also the pathway to ADIA Fellowship, the most advanced of the ADIA credentials. Auxiliaries who have attained ADIA Fellowship have demonstrated their commitment and dedication to implant dentistry and are often asked to speak on the ADIA main podium.

Please join us in Boston, Massachusetts for the ICOI/ADIA Winter Implant Symposium scheduled for February 18-20, 2021. The meeting will provide you with valuable and practical implant information that is sure to enhance your daily practice. You will be happy you attended!

Kindest regards,

Dr. Avi Schetritt, Executive Director, ADIA

ADIA Table Clinic Winner: Tabitha Acret

ICOI ASEAN CONGRESS SRI LANKA

January 23-25, 2020

The Galadari Hotel Colombo in Colombo, Sri Lanka was the setting for the ICOI's most recent international congress, which was held January 23-25, 2020. The ICOI ASEAN Congress was planned thoroughly by Prof. Dr. Sunil Kumar Nettemu to ensure that the participants gained new perspectives, fostered new friendships and experienced co-operative learning with the leaders in this field.

Themed "Digital Implant Dentistry - Redefining Treatment Concepts", this event served as a networking platform for dentists from across the globe.

The first day featured a full afternoon podium which was an enriching experience to all its participants. Delivering knowledge based on their years of experience as well as sound research background, the world-renowned speakers included: Dr. Richard Leesungbok with his lecture titled, "Top-down Treatment Planning and Dental Rehabilitation with Analog-Digital Workflow" followed by Dr. Vijayanayagam Thuthikaran who discussed, "Horizontally Resorbed Ridges and Implant Placement". After a short break, delegates joined Dr. Jaibin George as he reviewed, "Redefining Sinus Lift: Minimally Invasive Transcrestal Sinus Augmentation (MITSA)". And closing out the first day, Dr. Anuradha Navaneetham ended the afternoon with, "A Digital Roadmap to the Future of Predictability in "All-on-Four" Rehabilitation".

The customary Welcome Reception held Thursday evening and, as always, delegates were impressed by the over 40 participants of the popular Tabletop & Poster Competition. Presenters included:

Hands-on pre-congress course held at the ICOI ASEAN Congress in Sri Lanka, sponsored by Megagen.

Dr. R.P. Abhinav (Chennai, India) POSTER: Efficacy of Concentrated Growth Factors In Soft Tissue Healing For Implant Surgical Procedures-A Pilot Study

Dr. Kaushal Kishor Agrawal (Lucknow, India) POSTER: Clinical Outcomes of Full Thickness Versus Flapless Dental Implant Insertion In Controlled Type 2 Diabetics Subjected To Delayed Loading

Dr. N.D. Akhila POSTER: Mandible Reconstruction with Microvascular Fibula Graft

Dr. B.V. Balaraj & Dr. Shruti A. Tammannavar (Bengaluru, India) POSTER: Guided Flapless Versus Conventional Flapped Dental Implant Surgery - A Comparative Prospective Study

Dr. Avinash Reddy Bhavanam (Chennai, India) POSTER: Sinus Fungus Ball - An Invitro Analysis

Dr. Prem Bhushan (Ranchi, India) POSTER: A Novel Universal Cementation Technique for Implant -Supported Crowns with Subgingival Margins

Dr. Shivaprasad Bilichodmath (Bangalore, India) POSTER: Reliable Grafting Solutions in Implantology- A Case Series

Dr. Nitin Chakravarthy Chandrasekaran (Chennai, India) POSTER: Ridge Splitting

Dr. Pooran Chand (Lucknow, India) POSTER: To Assess the Success, Survival and Satisfaction of Implant Supported Prosthesis in Anterior Region

Dr. Neeraj Kumar Chandraker, Dr. Rama Shankar (Raipur, India) POSTER: Begin with the End in Mind-Prosthetic Driven Approach for Successful Outcome

Dr. L. Daisy (Pondicherry, India) POSTER: Comparative Study of All-on-4 Technique Of Implants In Maxilla Versus Mandible - A Case Series

Dr. Prachi Pratap Dessai & Dr. Puja Chatterjee (Cuncoim, India) POSTER: Approach for Sinus Augmentation: Lateral wall or Crestal Bone?

Dr. S. Ashwin Devanarayanan & Dr. Vandana Narayanan (Coimbatore, India) POSTER: Functional Outcome of Implant- Prosthetic Rehabilitation Following A Mandibular Reconstruction with Fibula Graft: A Clinical Report

Dr. Uzma Farooq & Dr. Ram Ponshankar K.K. (Chennai, India) POSTER: An Analytical Study on The Anatomy of Maxillary Sinus Between Dentate and Edentate Patient Using Cone Beam Computed Tomography

Dr. Sivaranjani Gali & Dr Shobhit Agarwal (Lucknow, India) POSTER: Influence of Torque on Surface Topography of Implant Abutment Screw - A SEM Analysis

Dr. Geetha C.P. (Kannur, India) POSTER: On the Future Design of Bio-Inspired Polyetheretherketone Dental Implants

Dr. Santhosh Goud & Dr. V. Harshitha (Koutala, India) POSTER: Comparative Study to Evaluate Clinically and Radiographically the Crestal And Subcrestal Placement of Dental Implants in Maxilla and Mandible

Dr. MK Imthiyas (Malappuram, India) POSTER: Muco Integration

Dr. Nadira Jabeen S. (Bangalore, India) POSTER: Evolution of Dental Implant Prosthesis Materials

Dr. Anju Jinendra A. and Dr. Arun Kumar Vidyadharan (Trivandrum, India) POSTER: Socket Shield Technique - Reliable or Not??

Continued on next page

Dr. Sunit Kumar Jurel (Lucknow, India) POSTER: A Comparative Study of Crestal Bone Loss and Release of Osteocalcin Bone Marker in Immediately and Delayed Loaded Implant

Dr. R.S. Kabilamurthi and Dr. S. Abdul Rahman (Bhavani, India) POSTER: Piezo and Implant Surgery

Dr. Abhinav Anil Kumar, Dr. Niti P. Roy (Coimbatore, India) POSTER: Symphyseal V/S Ramal Autogenous Bone Graft for Resorbed Anterior Augmentation

Dr. Kapil Kumar (Lahore, India) POSTER: The Socket-Shield Technique and Immediate Implant Placement, A Case Report

Dr. Ravi Kumar M.P. (Mysore India) POSTER: Malo Concept - Post Traumatic Maxillary Esthetic Zone

Dr. Samintharaj Kumar (Singapore, Singapore) POSTER: Biological Dentistry and Zirconia Dental Implants

Dr. G. Priya Lochana & DR. S. Sahana (Chennai, India) POSTER: Comparing the Clinical Efficacy of Diode Laser and Erbium, Chromium: YSGG For Implant Stage 2 Recovery - A Randomized Controlled Clinical Trial

Dr. S. Mahantesha (Bangalore, India) POSTER: Estimation of Serum and Submucosal Plaque Titanium Levels In Individuals Having Endosseous Titanium Dental Implants With And Without Peri-Implantitis: A Clinical And Biochemical Study

Dr. Zuhair Saleh Natto (Fairfax, VA) POSTER: Soft Tissue Changes After Using Collagen Matrix Seal or Collagen Sponge with Allograft in Ridge Preservation.

Dr. A. Raam Prasath (Sankarankovil, India) Socket Shielding

Dr. A.G. Priyadharssni & Dr. R. Subhashree (Chennai, India) POSTER: Comparison of Accuracy/Dimensional Stability of Polyether, Polyvinyl Siloxane And Improved High Rigid Polyvinyl Siloxane Impression Materials In Full Arch Implant Supported Prosthesis - In Vitro Study

Lee Chin Sheng, Koh Siew Mei, Prof. Dr. Sunil Kumar Nettemu (Melaka, Malaysia) POSTER: Multi-Level Analysis of Associated Factors with Peri-Implant Bleeding on Probing - A Cross-Sectional Study

Dr. Vinod Nair Sreekumar, Dr. Anjana Ravindran (Trivandrum, India) POSTER: Sclerostin Antibody and Osseointegration - A Systematic Review

Dr. J. Athiban Raj (Chennai, India) POSTER: Immediate Implants - Case Series

Dr. Vaishnavi Rajaraman, Dr. Divya Kamlesh Rupawat (Chennai, India) POSTER: Effect of Hafnium Coating on Removal Torque and Bone Implant Contact of Titanium Implants- An Animal Study

Dr. Vinod Rangan & Dr. Pallavi K. Nanaiah (Bangalore, India) POSTER: Clinical and Radiological Assessment of Bone Formation In Peri-Implant Defects Grafted with Polycaprolactone (PCL) Alloplast Enriched With Platelet Rich Fibrin.

Professor Rama Shanker (Lucknow, India) POSTER: A Comparative Study to Evaluate Implant Stability, Marginal Bone Loss and Esthetic Outcome in Early Loaded Implants with Different Implant System

First Place: Dr. Prem Bhushan from Ranchi, India.

Dr. R.M. Remyam & Dr. S.B. Nithin Kumar (Bangalore, India) POSTER: Use of A New Xenogeneic Collagen Matrix (Mucograft Prototype) Versus Vascularized Interpositional Periosteal Connective Tissue Graft: Case Series of Various Treatment Adjuncts in Optimizing the Pink Esthetics Around Dental Implants

Dr. S. Sahana, Dr. Sam Jebaraj (Chennai, India) Sinus Lifts

Dr. R. Subhashree (Chennai, India) POSTER: Ridge Augmentation - A Case Series

Dr. E.S. Shobha and Dr. Zainab Khanum (Bangalore, India) POSTER: Management of Deficient Ridges in Implant Rehabilitation: To Augment or Not To Augment

Dr. S. Sunantha and Dr. Jayachandran (Salem India) Multiple Implant Impressions Simplified – A Step Towards the Predictable Success

Dr. S. Swarna Meenakshi & Dr. Nikhil Sethi (Chennai, India) POSTER: Bridging the Gaps with Nanoparticles- A Novel Approach

Drs. Mabel Manggang Unchat, Tiang Ko Xun, Prof. Sunil Kumar Nettemu (Melaka, Malaysia) POSTER: A Novel Double-Membrane Technique for Guided Bone Regeneration with Complete Preservation of Keratinized Mucosa

Dr. Asmita Upadhyaya (Kolkata, India) POSTER: Anterior Implant Aesthetics

Dr. Jayanth Wuppuluri & Dr. Vaishali Priyadarshini (Chennai, India) POSTER: Recent Advances in Techniques of Maxillary Sinus Augmentation Procedures

The winners were as follows, congratulations to all:

First Place: Dr. Prem Bhushan (Ranchi, India)

Second Place: Dr. A. Raam Prasath (Sankarankovil, India)

Second Place: Drs. Mabel Manggang Unchat, Tiang Ko Xun, and Prof. Sunil Kumar Nettemu (Melaka, Malaysia),

Third Place: Dr. Neeraj Kumar Chandraker and Dr. Rama Shankar (Raipur, India)

Continued on next page

Friday morning, the main podium lectures began with Prof. Christian Makary addressing "Accelerated Loading Protocols: A Scientific and Clinical Rationale". Dr. Alvaro Ordonez followed with his lecture, "Digital Occlusion and 4D Mandibular Dynamics in Implant Dentistry". After lunch, Dr. Soon Boon Lee discussed "Digital Technology in Dental Implant Planning and Guided Surgery" followed by Dr. Ramesh Chowdhary with his lecture titled "Dental Implant Occlusion-Digital Evaluation". The final two speakers of the day were Prof. Tarun Kumar followed by Dr. Elisa Choukroun. Prof. Kumar spoke about, "The Changing Paradigm of Aesthetic Zone Management: Preservation to 3D Reconstruction" while Dr. Choukroun presented, "Fighting Oxidative Stress in Oral Surgery: Biologic Solutions".

Saturday morning began with Dr. Marco Roy and his discussion of "Guided Surgery Technique and Digital Dentistry in Dental Implantology", followed by Dr. Sang-Choon Cho addressing "Influence of 3D Printing Technology for Implant Dentistry".

After lunch, Prof. Ki-Tae Koo kicked off the last session of the event with "Ridge Preservation/Augmentation Using Open Healing Approach in Compromised Sockets". Dr. Ady Palti concluded the event with "Digital Dental Solutions in the Implant Practice: From a Single Tooth to a Full Arch - A Step-by-Step Review".

Thank you to everyone who helped to make this event possible. Especially Prof. Dr. Sunil Kumar Nettemu. He along with his wife, Dr. Sowmya Nettem, worked tirelessly to ensure the event was a success.

Dr. Sunil Kumar Nettemu and his wife, Dr. Sowmya Nettem

The Gala Dinner took place on Friday evening with dancing, dining and the amazing entertainment of local musicians and dancers. A memorable time was had by everyone who attended.

30TH ANNUAL NYU / ICOI IMPLANT SYMPOSIUM

"Implant Complications and Solution for Long-Term Success"

November 9, 2019

NYU College of Dentistry and the ICOI's joint effort was once again a very successful event. Together we are filling a growing need that the dental community has for advanced education in implantology. Not to mention the increasing number of participants seeking ICOI advanced credentials.

Drs. Maryse Manasse and Ady Palti, welcomed everyone to the event and were followed by Dr. Stephen Chu with his lecture, "A Paradigm Shift in Macro Implant Design to Enhance Esthetic Outcomes with Post-extraction Socket Implants". Dr. Hom Lay Wang followed with "EP-DDS Treatment for Predictability Regenerating Peri-Implantitis Defects". Just before the morning break, Dr. Joseph Choukroun addressed, "Biological Conditions of Bone Growth and Maintenance: Managing the 'Oxidative Stress'". And finishing up the morning session, Dr. Piotr Majewski discussed, "Bone Block Grafts versus GBR Procedure: Clinical and Biological Indications for Different Regenerative Procedures".

After lunch Dr. Craig Misch kicked off the afternoon with "Avoiding and Managing Complications with Bone Augmentation." Dr. Scott MacLean then presented "How to Improve Your Patients Quality of Life by Minimizing and Dealing with Dental Implant Complications". And Dr. Philippe Russe finished out the program with "Mandibular Nerve Transposition: Is it Still an Option?".

The Advanced Credentialing awards ceremony followed the last lecture of the day where 20 Diplomates, 1 Mastership and 101 Fellowships were presented to practitioners from around the world. Congratulations to all and thank you to everyone who made this event a success.

10TH ANNUAL COLUMBIA UNIVERSITY / ICOI DENTAL IMPLANT SYMPOSIUM

December 13, 2019

Welcome and introductions for the 10th Annual Columbia University/ICOI Dental Implant Symposium were conducted on December 13, 2019 by Dr. Kenneth W. M. Judy, Co-chairman, ICOI, Dr. Dennis P. Tarnow, Scientific Chairman; Clinical Professor of Dental Medicine, Director of Implant Education, College of Dental Medicine and Dr. James B. Fine, Senior Associate Dean for Postdoctoral Academic Affairs.

Speakers included:

Dr. Frank Tuminelli: *Are We Experiencing a Paradigm Shift: How Many Implants Do We Really Need?*

Dr. Marcus Abboud: *The New Paradigm of Implant Bed Preparation: A Comprehensive Review*

Dr. José Carlos Martins da Rosa: *Immediate Dentoalveolar Restoration (IDR) Technique: Preservation and Regeneration of the Natural Biology*

Dr. John Cavallaro: *The Tooth or the Implant: Critical Decision Making in Contemporary Treatment Plans*

Dr. Michael Klein: *Creating Predictable Outcomes: A New Generation of Tools*

Dr. Helena Francisco: *Clinical Implications of Implant Designs and Connections*

Dr. Ole T. Jensen: *Maxillary All-on-4: The Threshold for Going to a Zygomatic Implant or Sinus Grafting for a Delayed Loading Protocol*

Dr. Ernesto Lee: *S.M.A.R.T. Minimally Invasive Bone Grafting: Innovative Solutions for Improved Implant Esthetics*

The Awards Ceremony was held to honor the newest ICOI credentialed members where the following practitioners received their credentials:

MASTERSHIP:

Dr. Martine Buron
Ste-Marthe-Sur-Le-Lac, QC, Canada

Dr. Gary Login
Brookline, MA

FELLOWSHIP:

ICOI Around the World

ICOI BAHRAIN

More than 400 participants at the first ICOI Bahrain Meeting in cooperation with Dr. Mohammad Shadha and his fantastic team. A great scientific program reviewed the newest techniques and materials in implant dentistry. Speakers included: Dr. Wail Kinani, Dr. Maysoon Al-Alawi, Dr. Nabel Alghazali, Prof. Walter Devoto, Dr. Bader Al-Baqshi, Dr. Wael Elias, Dr. Muhannad Takruri, Prof. Christian Makary, Prof. S. Balagopal, and Dr. Ady Palti.

After the scientific lectures the first module of the new Fellowship course took place with more than 20 participants. This ICOI fellowship program will be the first recognized implant training in Bahrain and will allow participants to insert implants after receiving their ICOI Fellowship Certificates.

A very interesting social program was offered to the participants and speakers. Visiting a famous Tea House and the 400 year old Tree of Life were just a part of it.

(left to right) Dr. Mohammed Al-Arabi, Dr. Ady Palti, ICOI Co-Chairman, Dr. Mohammad Shahda, Prof. Christian Makary and ICOI Executive Director, Betty Lukacs

Other activities are being planned in the near future including advanced implant education with hands on and live surgeries to the local dentists.

An important meeting also took place, with the President and Vice President of the Saudi Arabian Dental Association discussing future Implant education in his country. We look forward to further collaborations in the years to come.

SFBSI

Paris, France

SFBSI, one of the French leading scientific implant societies, founded more than 30 years ago, joined ICOI in 2018. Their annual meeting was held October 2019 in the Meridien Hotel near the Arc de Triomphe in Paris.

In the morning and early afternoon, participants had the opportunity to update their knowledge on sinus elevation. The French ENT society issued 18 recommendations on the prerequisite to perform a crestal or lateral approach to the sinus. All the relevant anatomy and pathologies were reviewed, first radiologically, then clinically. In the afternoon, Dr. Roland Török shared his experience of GBR, reviewing different techniques and materials. Dr. Davy Debarque received his ICOI Fellowship from Dr. Török during the break.

ICOI MADRID SYMPOSIUM

Madrid, Spain

On October 17, 2019, the Symposium held by ICOI and CEU - San Pablo University in Madrid was a huge success. More than 150 attendees, and 9 master speakers were present.

Professors Manuel Fernández Domínguez and Antonio Coppel Jr., were Co-Chairmen of the event. Professors Samuel Olivan and José Antonio Blanco Rueda were also members of the organizing Committee, together with Coppel and Fernández.

There were 15 poster presentations, and the top three were awarded for their efforts.

Thank you to the six companies that were present: MPI, Klockner, Sinedent, JDent, Ziacom, and Dentariel.

Next autumn, again on the 17th of October, the ICOI Madrid Symposium will be held once again in Madrid. If necessary, due to the COVID-19 pandemic effects, it will take place online.

Scheduled speakers included: Prof. Juan Mesquida (Loma Linda Univ), Dr. Joan Tomás and Prof. Juan Delgado (Univ Fco de Vitoria), Prof Hussein El Charkawi (Future Univ- Egypt), and Dr. Pedro Gazzotti (Argentina).

SEI's President, Prof Eugenio Velasco, Univ de Sevilla. SEI is a Member Society of ICOI

(pictured above) Prof. Manuel Fernández Domínguez (Co-Chairman), Prof. Antonio Coppel, Jr., (Co-Chairman), Prof. Eugenio Velasco, Prof. Norberto Manzanares, Prof. Roberto Lopez Piriz, Prof. Samuel Olivan, Prof. Guillermo Raspall, Prof. Matínez, Prof. Calvo, Prof. Jose Antonio Blanco, and Dr. Antonio Coppel, Sr.

(left to right) The two Spanish Diplomates: Prof. Antonio Coppel Jr. and Prof. José Antonio Blanco Rueda (Scientific Committee)

ICOI ISRAEL: SOLVING AND PREVENTING COMPLICATIONS IN IMPLANT DENTISTRY

Eilat, Israel

The 9th Biennial conference of the Israel Association of Oral Implantology was held December 4-7, 2019 at the Herods Hotel in Eilat, Israel. Thank you to everyone who participated in making this event a success. We would also like to congratulate, Dr. Margalit Moasis on receiving her ICOI Fellowship during this event.

Dr. Margalit Moasis, receiving her Fellowship award.

INNOVATION JUMPS: IMPLANTOLOGY CONGRESS OF THE 'MASTER IN ORAL IMPLANTOLOGY' AT GOETHE UNIVERSITY FRANKFURT

Frankfurt, Germany

The Master of Science in Oral Implantology at Goethe University Frankfurt, Germany – a cooperation partner of ICOI - celebrated its 10th anniversary in 2019. The Master in Oral Implantology is one of the oldest and most successful postgraduate study programs in implantology worldwide.

The strategic partnership between the two cooperating partners, ICOI and MOI, underscores the main goal of both partners to offer international and sustainable education and to conduct research at the highest level.

The international, two-year part-time program of Goethe University is tailored to practicing dentists who want to further their academic career without neglecting their professional responsibilities. The attendance

phases take place in Frankfurt am Main in a block format of 10 days per semester. The study program is unbiased and runs totally independent of financial sponsoring from the industry and implantology societies.

To celebrate the 10th anniversary of the program, participants from more than 50 countries travelled to Frankfurt am Main for a special implantology congress. In addition to scientific presentations by international keynote speakers from the Netherlands, Italy, Canada and China, the graduation of the graduating class of 2019 was also celebrated.

During the annual congress MOI graduates have the opportunity to take the ICOI diplomate exam. More than half of all MOI graduates took advantage of this opportunity in 2019 and in addition to their Master's degree they also achieved the highest ICOI distinction - Diplomate status.

(left to right) Dr. Ady Palti and Dr. Mariusz Duda

Awarded their Diplomate credentials at this event were:

Dr. Mazen Al Jurf
Muscat, Oman

Dr. Abdullah Al Mamun Khan
Dhaka, Bangladesh

Dr. Hussein Ali Asaria

ICOI TAIWAN

To keep up with new technology and knowledge of implant dentistry, ICOI Taiwan holds an annual Academic Symposium in cooperation with ATIOI (Academy of Taiwan International Oral Implantologist) in Taiwan.

Every year we invite both international and local implant experts to share their experiences and techniques. In 2019, renowned speaker Dr. Thomas J. Han was invited as our international keynote speaker, and attendees were delighted with the information they learned.

ICOI CHINA ANNUAL ACADEMIC CONFERENCE

Nanjing, China

On the occasion of the 85th anniversary of Nanjing Medical University and the 45th Anniversary of the Affiliated Stomatological Hospital, the third ICOI China Annual Academic Conference was successfully held in Nanjing from October 11 to 12, 2019 sponsored by Jiangsu Stomatological Association, the Affiliated Stomatological Hospital of Nanjing Medical University, under the academic guidance of ICOI Expert Committee and co-organized by the Academic Dental Network. More than 400 dental professionals from all over the country attended the conference. The opening ceremony was presided over by Professor Tang Chunbo of Stomatology Hospital Affiliated to Nanjing Medical University, and Vice-President Yan Bin delivered the opening speech.

The theme of this conference was "Comprehensive Thinking, In-depth Interaction", adhering to the academic concept of "multi-disciplinary collaborative treatment with planting as the core". Professor Paul Weigl of Frankfurt University, Professor Philippe Russe, Vice President of the French Society, SFBSI, Chen Jiang, Yu Youcheng, Man Yi, Zhang Jian, Liu Feng, Tang Chunbo, Li Jingping, Zhou Yi, Ma Wei and more than 20 domestic and foreign experts and scholars in the field of dental implant made 16 special lectures.

ICOI Items of Interest

Lunch & Learn at Columbia University

The ICOI education activities are now including a new program introducing Implant Education to the senior students of major dental schools in the US.

The auditorium was packed with all senior dental students of the Columbia University Dental School, along with Dean Christian Stohler, during Dr. Ady Palti's lecture titled, "Immediate Implant Placement for Perfect Esthetic Result".

The lunch and learn organized on October 15, 2019 by ICOI's Executive Director, Betty Lukacs and Carlos Galvez, DDS Candidate, Class of 2022, was a complete success and we are looking forward to the next lecture. This shows ICOI's long-term dedication to Implant Education world wide and especially at US major Universities. Dr. Palti also presented the ICOI benefits for young dentists and promised to be back next year.

Lunch & Learn at the University of New England

On November, 5, 2019 Dr. Ady Palti, ICOI Co-Chairman, lectured about the importance of esthetics and minimally invasive implantology as the future of all dental offices and was very well received. The University of New England's audience was especially interested in immediate implant placement and asked many questions on this subject.

The ICOI will continue this program, "Education in Implant Dentistry", every year to help establish long-term relationships with all the major dental schools in the US. We look forward to the next meeting in New England.

Lunch & Learn at the University of the Pacific

The ICOI Executive Director, Betty Lukacs-Palti and ICOI Co-Chairman, Dr. Ady Palti visited the university on February 3, 2020. They had a full lecture room for a lunch and learn session offered by the ICOI on "Full Arch Aesthetics in the Daily Practice: A Step-by-Step Approach to Achieving Long-Term Success". The students learned about long-term aesthetics in the dental office and the different methods to obtain it using a predictable and minimally invasive protocol in the daily practice.

IDREF 2019 Contributors

ICOI's Implant Dentistry Research and Education Foundation (IDREF) was established in 1993 in order to substantially advance the science and quality of practice of implant dentistry and to foster high standards of research and education for all dental professionals. Through IDREF the ICOI raises needed funds to support these goals. **For their generosity we thank:**
