South Carolina CAI 2026 EXPO & PARTY

Both **CAI and non-CAI board members and managers are welcomed**. Only CAI board members will receive the certificate, on-line benefits and resources that go along with it. Must attend all four sessions.

In recognition of completing the program, you will be awarded an online certificate of completion and an opportunity to be listed on the CAI website with your name, city and state (CAI board members only). You will have access to CAI National resources on-line for one year.

If you live in a condominium, homeowners association, or housing cooperative, you know how important it is to have an effective governing board of directors. The CAI Board Leader Certificate is designed to provide a foundation for effective community association board leadership.

Whether you are an experienced board member or just thinking about getting involved, this certificate will help you become a more informed and effective leader.

Roles & Responsibilities, Governing Documents

Session starts you on the right path and helps you understand the legal authority for your association. It also clarifies the duties and responsibilities of each board member and the professionals who are available to assist the board.

Meetings, Communications, Professional Advisors

Session involves communications, meetings and volunteerism. It helps you learn how to maximize volunteer involvement in your community association by improving board communications, conducting effective meetings and building community spirit.

Because putting together the right team of professional advisors and service providers to support your association can be challenging, the session provides practical tips on finding, evaluating and hiring qualified professional advisors and service providers.

Financial Management

This fundamentals of financial management session introduces the fundamentals of association financial management, including guidelines for protecting your association's assets, preparing a budget, planning for the future and collecting assessments.

Rules and Conflict Resolution

The association rules and conflict resolution session explores guidelines for making reasonable association rules, enforcing rules fairly and resolving conflict effectively.

How to Get the Most Out of Our Expo

1. Arrive Early

- Check in early to beat the crowd and get your badge before sessions begin.
- Many exhibitors offer limited-quantity giveaways — being early helps you get the best of them.

2. Don't Miss the Education Sessions

- Our classes are led by top attorneys, engineers, insurance experts, bankers, and reserve professionals.
- Sit toward the front if you want to ask questions or network with the speakers afterward.

3. Walk the Expo Floor with a Purpose

- The vendors you'll meet are the same companies you rely on for real-world HOA/condo issues. Ask them direct questions about your community's needs — they love it.
- Many booths offer **game-style challenges, theme-related experiences, or instant-win prizes**—participate!

4. Enjoy the Theme – Join the Fun

- Each Expo has a specific theme woven into the decorations, costumes, and booth experiences.
- Exhibitors often bring creative props, photo ops, or themed giveaways—jump in, take pictures, and have fun with it.

5. Enter the Giveaways & Drawings

- Many exhibitors run their own giveaways plus the main Expo drawings.

6. Take Advantage of Free Food & Refreshments

- Our expos include great food and plenty of options — don't rush.
- Grab something to eat, sit with someone you've never met before, and compare community stories or challenges.

7. Attend the Networking Party

- This party is one of the highlights of the day — lively, low-pressure, and great for relationship-building.
- Many exhibitors bring bonus giveaways or fun activities to the party.

8. Most Important – Relax and Have Fun

- This entire Expo — classes, food, drawings, networking party — is **100% free** to community association board members and managers.
- It's a unique chance to learn, meet experts, gather resources, and socialize without any cost or pressure.
- Take your time, enjoy the atmosphere, and make the experience yours.

1. General Conduct

- The Expo is a professional education and networking environment. All attendees are expected to behave respectfully toward exhibitors, presenters, staff, and fellow attendees.
- Disruptive, inappropriate, or unsafe behavior may result in removal.
- Attendees may not use offensive or discriminatory language or engage in harassment of any kind.

2. Registration & Badges

- All attendees must be registered and display their event badge at all times.
- Badges may not be shared, transferred, or altered.

1. Arrive Early and Be Fully Set Up Before Doors Open

- Early setup lets you make last-minute adjustments and greet attendees as soon as they walk in.

2. Stand in Front of Your Booth — Don't Sit Behind It

- Exhibitors who stand in front of their tables get dramatically more engagement.
- Simple greetings like "*Hi, what community are you with?*" instantly start conversations.
- Attendees are more responsive when they feel welcomed rather than sold to.

3. Use the Theme to Your Advantage

- Themed booths draw more traffic, more photos, more positive energy — and more leads.

4. Offer a Simple, Memorable Giveaway

- Giveaways don't need to be expensive — but they *should* be useful or fun.
- Keep your drawing easy: business card in a fishbowl, QR code entry, or a simple "spin to win."

5. Create a Fast, Friendly Pitch

- Highlight your **#1 service** or **#1 way you help associations** in under 10 seconds.
- Attendees remember simplicity, not full brochures.

6. Ask Questions, Don't Just Recite Services

Attendees love exhibitors who take interest in their communities.

Great openers:

- "*What's your biggest challenge at your property this year?*"
- "*Are you self-managed or with a management company?*"
- "*Have you done any big projects recently?*"

7. Capture Contact Info the Smart Way

- Use QR codes, lead forms, or business cards collected in a bowl.
- Keep notes on who you spoke with and any follow-up items.

8. Be Positive, Energetic, and Approachable

- A smile, eye contact, and genuine interest make you unforgettable.

12. Remember: You Help Make This Event Free for Boards & Managers

- Board members and managers appreciate exhibitors who support education.
- Reminding attendees that your presence is what keeps the expo free builds goodwill and trust.
- It positions you as a partner in the community — not just a vendor.

Networking Party - Completely Brand New!

CAI and non-CAI Board Members, Managers Welcome!

The chapter has reserved the outdoor patio area for this event. If weather becomes an issue, the party will seamlessly move to the pre-function space directly in front of the Expo ballroom. This indoor area features large windows, high ceilings, and excellent lighting.

The event will blend both networking and a festive party atmosphere. For those who want to truly "party," there will be a designated lively area. For guests who prefer quieter conversations and relaxed mingling, a more low-key space will also be available. This setup offers the best of both worlds.

Prizes will be awarded continuously throughout the evening, and participating exhibitors will have opportunities to be part of the giveaways. **Contact us with your giveaways.**

A multi-monitor system will be utilized to promote and award giveaways. There will also be self-entering contests for attendees.

Managers and board member attendees will receive drink tickets, and the chapter will subsidize drink pricing to keep beverages more affordable. The drink ticket process will be simple—present your ticket directly to the bartender, eliminating the need to visit multiple locations.

Our Charleston networking party was a tremendous success, and we expect the Myrtle Beach event to be even better.

The chapter welcomes sponsorship ideas from our industry supporters. Don't hesitate to contact us with suggestions or to discuss sponsorship opportunities beyond those listed in the materials.
