Missions Report - Skyland Church Food Pantry Thrives

Food Distribution
Second Harvest of Santa Cruz County and Second Harvest of Santa Clara county have cut back on protein and we are having to buy food this month.

We have lovely produce now. Bread from Sumano's Bakery is also donated in large quantities. Our 50 volunteers are amazing and we are feeding at least 100 families now.

So many clients tell us that we have "saved them since Covid." Thank you to all who continue to donate their time and money so that we can "be good neighbors".

Volunteer Needs
We need new volunteers to help at Mondays at 1:00 pm, Fridays at 2pm and on Wednesdays at 2:30pm.

Can't commit to one day? Please reach out to Shannon Edwards, 408-234-2710 if you are willing to be a substitute worker.

Watsonville Center for Farmworker Families
We deliver extra produce, dried beans, rice and produce to farmworker families on the second Friday of the month.

In addition, they would like us to bring children's books for their Farmworker Distribution.

They want board books and picture books with only a sentence or two on

each page. No chapter books or books that require the children to be able to read.

<u>Skyland Celebration:</u> Carol David, Linda Wallace, Sherry Gomes and Shannon Edwards greeted our neighborhood at the Food Pantry.

Young people Harris and Gus Miller lead tours and helped us clean up the great produce that we get three times a week.

Many were amazed to see how we have grown and plan to donate going forward.
