Trustees Update

We have been working on those projects that get us ready for the Skyland Celebration:

1. The Whitaker Hall interior painting is completed. The Men's bathroom and the Community room (Nursery) are also complete.

2. A tree outside lower Whitaker Hall has been removed. The area will be graded and prepared for use during the Celebration later in the month.

3. The damaged window in Whitaker Hall has been replaced.

The church exterior will be painted later this month.
