# RECYCLING / GARBAGE NEWSLETTER

**www.oakland-nj.org**

## GARBAGE CHANGES START JANUARY 1, 2018 AND NEW DUAL STREAM RECYCLING CHANGES START FEBRUARY 1, 2018.

Oakland residents will have **twice per week Garbage collection starting in January and throughout the year.** If the garbage collection falls on a holiday, the pickup is skipped until the next regularly scheduled garbage collection day.

**Only January 2018 will be single stream recycling. Recycling will be dual stream starting in February and throughout the year.** As of February 1, 2018, collection of only Paper and Cardboard or collection of only Commingled recyclables (bottles, cans and containers) will occur on alternating Wednesdays. Residents must separate their recyclables into two separate containers for collection on alternating weeks. **Your recycling material needs to be properly separated by material or it cannot be picked up and must be left at the curb.** Both sides of town have recyclables collected every Wednesday. Please **check the enclosed calendar dates** for which material goes out on that collection day. **Oakland will no longer accept single stream recycling starting in February. Economic reasons have determined that we return to Dual Stream Recycling to save taxpayer money.**

## GARBAGE DISPOSAL

Residential garbage collection in the Borough of Oakland occurs twice per week all year round.

Monday and Thursday garbage collection on the South side of town

Tuesday and Friday garbage collection on the North side of town

Every attempt is made to collect garbage and recyclables during inclement weather, although severe weather conditions may delay or cancel collections. Thank you for patience and understanding.

**Only three large household items (such as furniture, mattresses and box springs) are eligible for pickup on any one collection day**, along with two 32-gallon garbage cans. Do not use oversized cans or any full can weighing more than 50 pounds. Any extra garbage beyond these limits must wait until the next collection day. No house renovation material is allowed for curbside pickup. Please arrange for your own dumpster, contractor, or private hauling company to take away material. **Carpet/padding must be cut, rolled and tied in three-foot lengths weighing no more than 50 pounds.** There is a limit of one room of carpet in any one collection. Any excessive amounts of garbage must be left at the curb.

**Garbage and Recycling barrels must be placed at the curb prior to 5:00am on the day of your scheduled collection.** Please note that it is unlawful to place garbage, recyclables, or yard waste at curbside earlier than 4:00pm prior to the day of collection. All empty barrels need to be removed from the curb before 9:00pm on collection day. **Please retrieve your empty cans from curbside as soon as possible.**

All Oakland Garbage and Recycling curbside collections are for residential homes only. No commercial businesses get picked up.

# YARD AND VEGETATIVE WASTE

**Yard waste** is collected every **Monday or Tuesday depending on your side of town.** If Monday is your garbage collection, Tuesday is your yard waste pickup. If Friday is your garbage collection, Monday is your yard waste pickup**. If your yard waste pickup falls on the Memorial Day or Labor Day Holiday there is a makeup collection the next day (Tuesday).**

**This service begins Monday, April 2, 2018 or Tuesday, April 3, 2018 and ends Monday, December 10, 2018 or Tuesday, December 11, 2018.** There is no yard waste collection during the winter months. Yard waste is never permitted in the household garbage collection. Do not put yard waste in plastic bags.

**Yard waste should be placed at the curb in open containers no larger than 32 gallons in size or in paper leaf bags. The barrels cannot weigh more than 50 pounds. No large green/orange landscaper barrels or large wheeled barrels allowed. Small paper grocery bags or plastic bags of any kind or color are prohibited. Yard waste in plastic bags will be left at the curb, not collected. The compost facility is not open to the public. All collections are done curbside from residential homes. No commercial properties.**

Leaves and grass may be placed together in the same container. Sticks, brush, and branches should be bundled and tied together, not exceeding 4 inches in diameter or 4 feet in length. **The bundles may not exceed 50 pounds.** Branches can also be put in a garbage can if not sticking out the top or overweight. Trees, logs, stumps or machined wood (2x4's etc.) are not eligible for pickup.
Please make your own arrangements for disposal of these large and heavy items.

**Grass – Cut it and Leave It**
Help reduce the cost of yard waste disposal by using a mulching mower instead of bagging your grass clippings. Grass clippings on the ground are reabsorbed and provide vital nutrients and moisture to your lawn. The **Bergen County Utilities Authority** (bcua.org) offers residents the opportunity to purchase **backyard compost bins** (Earth Machines) at a reduced rate throughout the year. Call the BCUA Environmental Programs Hotline at 201-807-5825 for details. Compost improves your soil and supports healthy plant roots. Turn some of your yard waste into valuable compost to use in your flower or garden beds.

**Christmas trees are collected from curbside on a random basis during the entire month of January.** Remove any plastic bag, lights, decorations or tree stand from the tree before putting out to the curb for the DPW to collect.

**Tree Removal Permit:** Call the Oakland Shade Tree Commission at 201-337-8104 ext. 3022. They will come out to your property and inspect the tree or trees before you can be issued a permit.

Rechargeable batteries may be found in cordless power tools, remotes, cell phones, laptops, digital cameras, two-way radios, camcorders, remote control toys, etc. **Residents must separately bag or tape the ends of each individual battery to prevent a short circuit and fire in transport.** Plastic bags are available on the collection boxes to put separate batteries in. **Construction waste** material is the responsibility of the generator (homeowner, contractor or business). **Building or renovation materials are never eligible for pickup.** Materials include cabinetry, countertops, garage doors, building lumber, siding, paneling, sheetrock, tile, plywood, roofing material, doors, windows, toilets, tubs, sinks, etc. Also, no concrete, brick, block, asphalt or stone. No railroad ties, pianos, hot tubs, etc.

**If you have bulk waste or large heavy items, please make private arrangements for your own dumpster, removal by contractor or private hauling company to dispose of material.**

## MISCELLANEOUS ITEMS

**Textile/clothing bins** are located behind Borough Hall. All types of clean, dry textiles are accepted: clothing, shoes, sheets, blankets, curtains, towels, small stuffed animals, etc. Please do not leave items outside of the bins.

**Paint**: **Oil based paint** is considered a hazardous material and should be brought to the BCUA hazardous waste collections sites in liquid form. Latex or **water based paint** in solid form is not hazardous. You may dry out water based paint with a clay-based kitty litter or speedy dry until it is no longer pourable (solid). Keep the lid off and place in a plastic bag to safely dispose in the regular garbage collection. Paint cans are not recyclable.

**Residential Paper Shredding** to observe your confidential documents being shredded on site.

Not accepted at shred events - hardcover books, magazines, newspapers, photographs and x-rays.

## STORMWATER MANAGEMENT

Storm water runoff from a lawn, street or parking lot is washed by rain into storm drains which flow directly into streams, lakes, rivers or the ocean. This pollution can contaminate our drinking water, kill fish, wildlife, and plants. Too much fertilizer washing into a lake can cause an algae bloom which negatively impacts recreational activities such as swimming, fishing, and boating. Choose a low phosphorus, slow-release nitrogen fertilizer and apply sparingly for a healthy lawn. Sweep up any excess on driveways or sidewalks. Do not apply fertilizer products if heavy rain is predicted as it will just run off the lawn.

Never discard oil, gas, or antifreeze into a storm drain. Fertilizer, pesticides, detergents, pet waste, grass clippings can all end up in our water. **Please keep all pollutants out of our water supply.** Clean up after your dog and dispose of waste properly. Do not throw cigarette butts on the ground or out the window of a car. This is the number one littered item in the United States. They can also cause forest fires. Keep catch basins clear of any debris and do not dispose of anything down into storm drains.

**Report any littering or illegal dumping to Oakland Police Department.**

## RECYCLING IS THE LAW

**Recycling is the law for all** residents, schools, municipalities and businesses. **No one is exempt.** By reducing, reusing, and recycling waste generated at home, you can help the Borough control expenses**.**

**Recycling**

- Generates revenue for the Borough of Oakland
- Earns grant money for every ton we recycle
- **Saves our tax dollars by paying to haul less amounts of garbage tonnage**
- Reduces the amount of trash going to the landfill or incinerator

All establishments must ensure that a recycling system is in place. **You and not your trash hauler is responsible for separating all recycling materials from the garbage.** Please do your part to reduce the amount of trash you put to the curb. Recycling involves the re-processing of old and used materials into new or reusable products. Recycling is good for the environment and **every ton recycled saves Oakland money.** Recycling is easy and convenient.

**Prescription Drug** drop off is available inside Police Department lobby all year round.

If a **street light is out**, notify the Oakland Police Department at non-emergency number 201-337-6171.

**Do not idle your vehicle more than three minutes**. Motor vehicles are a leading contributor to air pollution.

For specific recycling questions or concerns, please contact the **Recycling Department at 201-337-8104 ext. 3007** or send an email to recycle@oakland-nj.org, or call the **Department of Public Works at 201-337-8104 ext. 3001 or 3002 between 8:30am – 4:00pm Monday – Friday.**

**THANK YOU FOR YOUR COOPERATION IN MAKING OAKLAND'S RECYCLING PROGRAM A CONTINUED SUCCESS.**
