## West Hartford Public Schools

I hope that you are enjoying the warm weather as we approach the last weeks of the school year and have had the opportunity to enjoy the sports and activities that mark the spring season in our schools. The West Hartford-Bloomfield Health District has sent out a message to residents explaining that Connecticut is currently experiencing a surge in COVID cases, and they are urging people to take personal precautions to stay safe. These precautions include the continued recommendation to wear a mask in indoor settings and in crowded outdoor activities. We continue to support and encourage all WHPS students and adults to wear a mask in school buildings and settings to help our community stay safe. Masks and home test kits are available to all students and families at schools upon request.

Vaccination is also recommended, and while we are no longer hosting separate student clinics, West Hartford-Bloomfield Health District holds weekly COVID vaccination clinics by appointment at its Bloomfield offices located at 580 Cottage Grove Road, Suite 100. The Moderna vaccine is administered on Wednesdays, 9AM to 12PM, and the Pfizer vaccine on Thursdays, 9AM to 2:30PM. Please call 860-561-7900 to schedule your appointment. In addition, DPH and Griffin Health will be offering vaccinations at Celebrate West Hartford on June 11th and 12th.

Thank you again for your cooperation and support.

Andy Morrow

Assistant Superintendent for Administration
