

The Chamber of Commerce is excited to announce our upcoming **FAYETTE COUNTY MAP & RESOURCE GUIDE!**

This publication is one of our most requested items and plays a major role in marketing our community to newcomers, individuals, businesses, visitors and locals.

**FEATURES:**

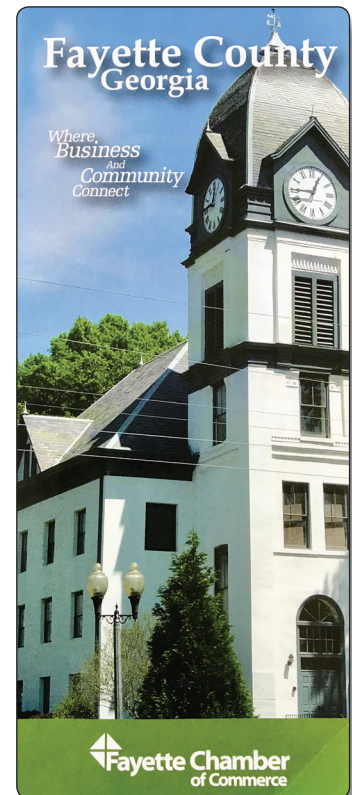

- Printed & Online (includes interactive digital format with hyperlinks and driving directions to advertisers)
- Distributed throughout the area, as well as in relocation packets to newcomers interested in moving to or visiting our area, and to new and existing businesses, companies, and individuals.
- Offers several advertising sizes, rates, and opportunities so any chamber member and budget can participate!

In an age of computers and smart phones, visitors and residents alike are still looking for the security of a printed map in conjunction with an interactive online version.

Please take a moment to schedule a quick meeting with our fellow chamber member and new publishing partner, Peach State Publications, so they can tell you more about the opportunities available exclusively for chamber members.

Thank you for supporting your community and your chamber!
