Unifine[®] SafeControl[®]

Safety Pen Needle with Dual-Protection

- Dual needle protection to help prevent needlestick injuries
- Ideal for use in long-term care
- Enhanced user control preventing premature activation¹
- Visual confirmation of dose-delivery¹

Unifine® SafeControl®
Safety Pen Needle with Dual-Protection

WHAT IT IS AND WHY YOU WANT IT

Double the safety.

Needle protected on both ends
providing dual protection.

See the proof.

Needle visible, allowing you to
verify dosage delivery.

Looks different. Works the same.

Makes operation easy and intuitive.
Similar to the most popular
syringes.

What Healthcare Professionals are Saying

70%

preferred Unifine®
SafeControl® over
other choices¹

75%

agreed that the device
provides the right
combination of safety
and drug delivery
control during injection¹

81%

agreed they
could use the
same technique
as a conventional
pen needle¹

Visual confirmation of dose-delivery

Intuitively designed to provide enhanced user control¹

Universal Fit

Compatible with most injection pens²
