individuals

Note:

Current analyses of COVID-19 among fully vaccinated¹ individuals in Inyo County assesses individuals who received a PCR test positive for COVID-19 at least 14 days following a second dose of the currently available 2-dose mRNA vaccines (Pfizer or Moderna) or 14 days following the first and only dose of the currently available single-dose vaccine (J&J). Analyses are only estimates and data is subject to change.

¹ Fully vaccinated individuals have received at least the recommended 2-dose or single-dose series of a currently available COVID-19 vaccine.
