

Discover Haverford Welcomes BHCU

Discover Haverford is pleased to welcome BHCU – Your Delaware County Credit Union to Havertown! You may start to see multiple locations of BHCU around Delco and the newest is located at the Manoa Shopping Center. Prior to 2015, BHCU primarily served Boeing employees and their families on the Boeing campus. Their two newer locations are in Glen Mills and Ridley Park.

Ryan Conte, Head of Member Experience explains that their niche is small business and family owned businesses, and that positioning themselves in Havertown creates, “a triangular approach to the county.” They want to help the local business owners and business starters in Havertown, offering competitive loan rates and exciting offers to celebrate their grand opening.

BHCU also has a unique “I-Save” program for school aged students. Ryan explained that “the “I-Save” program teaches children the value of saving and good financial habits as they grow. Students can bring in their

report cards and receive \$5 for every A or equivalent grade.”

BHCU recently hired Havertown native Linda Pire as their branch Assistant Manager and they had their ceremonial ribbon cutting on Monday, May 23rd. Conte is passionate about the mission of BHCU. “BHCU membership means more than banking, it’s about belonging,” he explains, “belonging to a community of hard-working people on a path to financial independence.”

BHCU is now open for business and welcomes Havertown residents and business owners with open arms! For more information, visit:
