# Courses vs Groups vs Resources

# Resources

A virtual file cabinet or repository where you can keep and save your materials

# Courses

- The backbone to teaching with Schoology
- Distribute materials, **give assignments and grades**
- Share announcements, calendar items
- Governed by **start and end dates**

# Groups

- A place for communication and collaboration outside the classroom
- Share resources, announcements, calendar items
- Good for: Clubs & teams, faculty departments, parents
- **No start and end dates**

# Resources

Resources can be used from year to year

# Classes

You are already enrolled in your classes

PowerSchool and Schoology are connected.  Grades earned on assignments in Schoology will also be entered automatically in PowerSchool

# Groups

Can be used for extracurricular activities

You will join a group by entering a code
