# ACHIEVING HEALTH EQUITY BY 2030

November 2019

David Saunders, M.Ed.,  
Director, OHE  
Pennsylvania Department of Health

# OHE Mission

Provide leadership to promote public awareness of health disparities, advocate for programs to eliminate health disparities, and collaborate with stakeholders to achieve measurable and sustainable improvement in health status of underrepresented populations.

# Discussion Topics

- Highlight key health equity data
- Discuss our action plan to reduce disparities by 2030

**The State of Health Equity in Pennsylvania**

# **HEALTH EQUITY REPORT**

# ▶ PA Health Equity Report

- Demographics
- Birth rates
- Infant and Maternal Mortality
- Disease and STI Prevalence
- SDoH Impact

# Health Impacts Pennsylvanians Face

## Opportunities > Challenges

**Action Plan**

# **HEALTH EQUITY BY 2030**

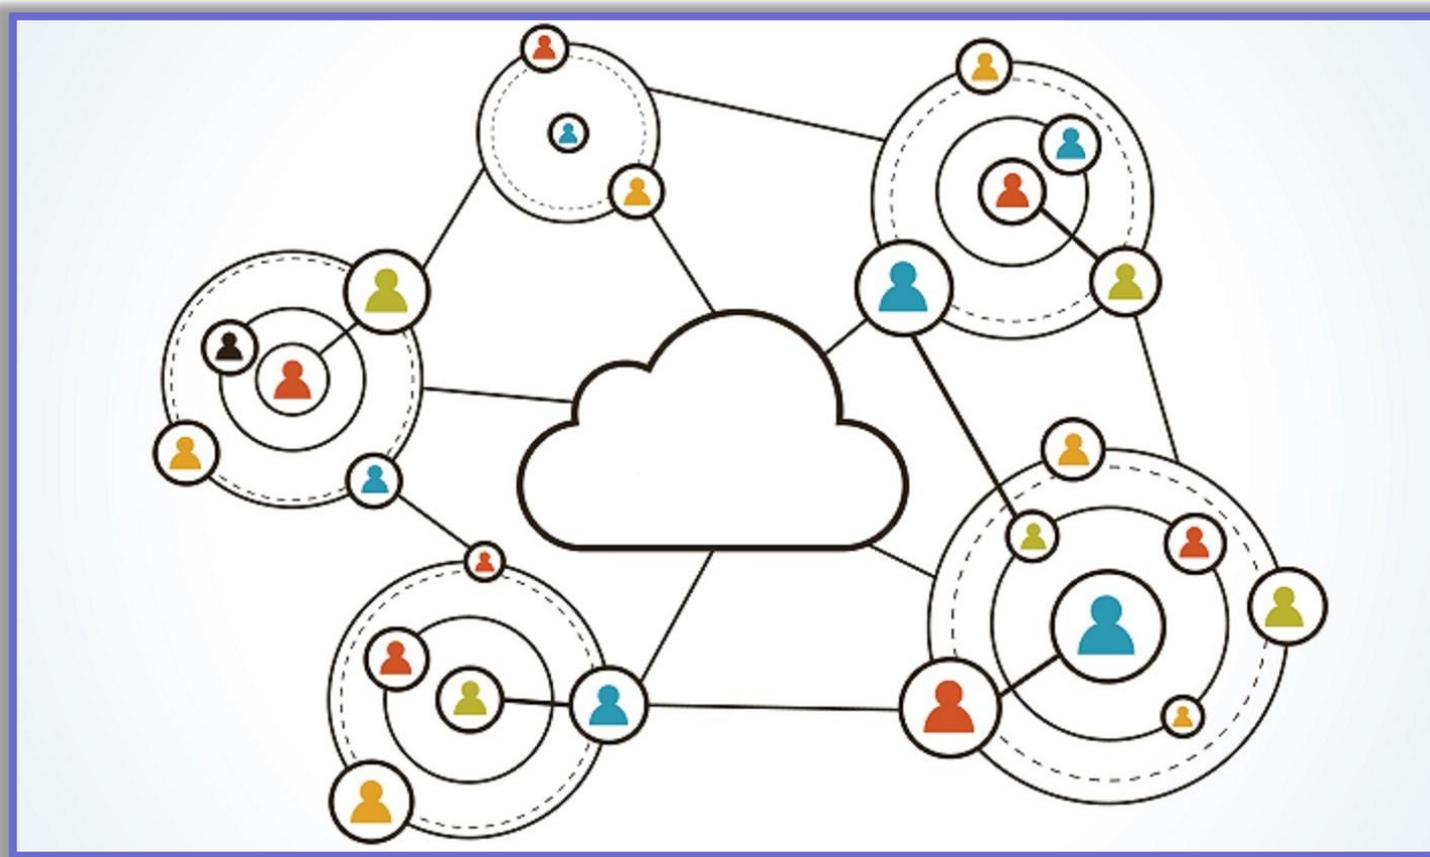

# Provide Commonwealth-Wide Leadership to Advance Health Equity

# Formalize and Maintain Community Relationships and Mutual Partnerships to Advance Health Equity Across Current and Emerging Communities

# Invest in the Collection, Analysis, Meaningful Use, Secure Sharing and Accessible Translation of Data to Advance Health Equity

# Continuously Raise Awareness of Current and Emerging Health Disparities

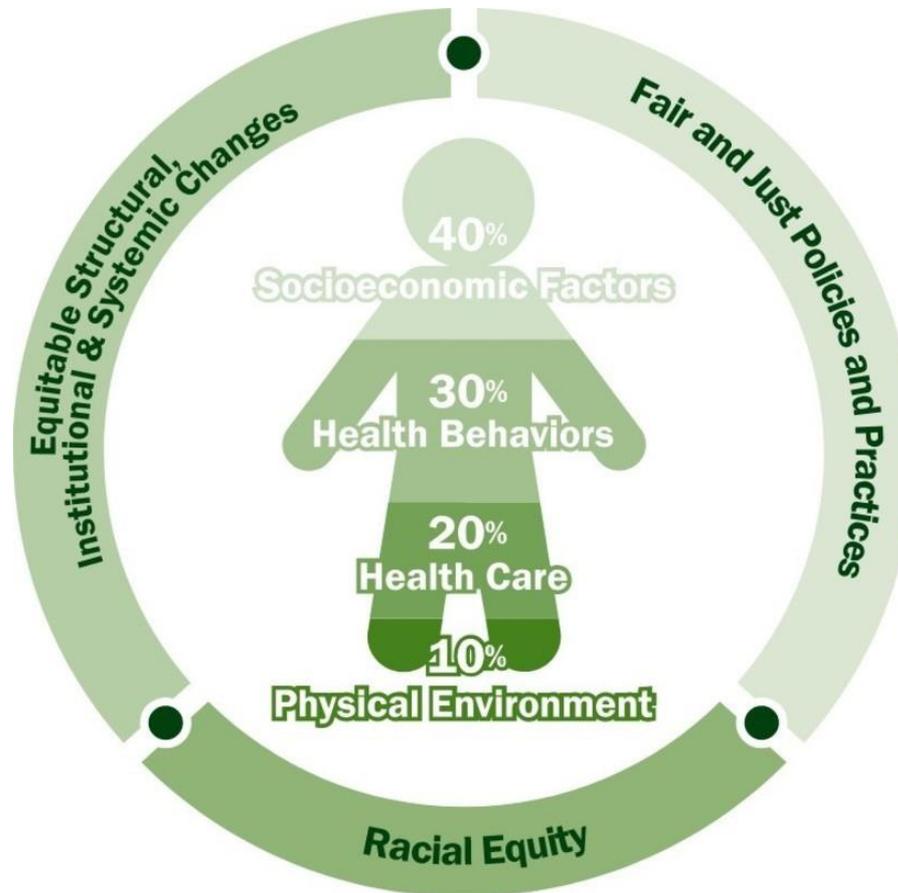

# Address and Remediate Structural Inequities that have Resulted from Discriminatory Policies and Practices

# Improving Living Conditions where People Live, Learn, Work and Play

# Advance Health Equity Across Sectors

# Establish OHE by Statute

# Expand Current Health Equity Initiatives

# Thank You
