

## **Take the Lexington Public Schools Family Travel Survey! Survey is open 9/27-10/11.**

Lexington Public Schools, the Town of Lexington, and MassDOT's Safe Routes to School program are partnering to administer a Parent/Guardian Travel Survey this year. This 2-minute, online, anonymous survey collects information on the student's approximate address and mode of transit used to get to and from school. The survey is available in nine languages.

The information will help Lexington track long-term trends in active transportation amongst our students, and support and establish walking and rolling initiatives in the community.

Parents and guardians can complete the survey between *Friday, September 27<sup>th</sup> to Friday, October 11<sup>th</sup>*

at <https://masaferoutessurvey.org/srtssurvey/>. As a bonus, schools that achieve a 50% participation rate or higher will receive a prize pack from MassDOT's Safe Routes to School program! Thank you in advance for your participation!
