Greetings...It's a beautiful day today in our OSO Delta Kappa Gamma Society Neighborhood!

As we enter the month of April we are sometimes greeted with different degrees of showers of rain. During the fall, I received from a Joint Chapter Luncheon and Meeting in Cincinnati sponsored by Delta Psi a beautiful plant called a Spider Plant.

Since I received that plant, I placed it a sunny window, fertilized, watered, and nurtured it in numerous ways. It has grown, thrived and even began to propagate. This plant looks like it's raining smaller plants growing out from it. This plant reminded me about the knowledge that we sprinkle, drip, and sometimes even pour into the members of our OSO Chapters.

During the month April, let's reign down on our chapter members knowledge from our Delta Kappa Gamma Society International website. Let's help them explore/discover the benefits of being a member of our Society including the opportunities for leadership, discounts, recognitions, financial assistance, publishing, advocacy, along with travel and networking opportunities. As we provide this information to our chapter members they too will absorb and take in the knowledge, then share this information with others about some of the benefits that you gain by becoming a member of Delta Kappa Gamma. This will encourage members of DKG to share these benefits with other women educators about reasons why they should become members of Delta Kappa Gamma Society too!

Melodies' Meaningful Memoirs...

Let's continue to reign and shower down the knowledge of the benefits of being a Member of Delta Kappa Gamma Society as we....
