ABOUT US

Midwest Litigation Services works with law firms and corporations to support their litigation needs nationally as well as globally. From eDiscovery, court reporting, legal videography, mediation, and complete document services through customized war room and trial support, our focus is to partner with our customers in streamlining these processes. Services include:

- Court reporting
- Video depositions
- Videoconferencing
- Trial support services
- Conference facilities
- Audio transcription
- Scanning, printing and copying
- Multi-district litigation management

DIFFERENTIATORS

- Centralized scheduling, billing and customer support with one partner
- Dedicated account manager: ensures you have what you need when you need it
- Customized billing plan: tailored to your unique specifications
- Multi-district litigation support: a seamless coordination of deposition locations, services and technology
- Realtime transcripts: local and remote instantaneous realtime feed of testimony
- Conference facilities: locations anywhere in the world through our network of like-minded partners
- Trial support services: from document database setup to video editing, courtroom display of evidence and complete war room setup and services
- Legal concierge services: an original concept anticipating the logistical needs of counsel
- 24/7/365 customer support

PAST PERFORMANCE

- Pioneered cutting-edge services, including realtime transcription, streaming video, videoconferencing and trial technology, in the Saint Louis market.
- Created the "legal concierge" concept to anticipate the needs of litigators.
- Experienced in coordinating depositions in multi-district litigation.
- Provided realtime transcription for major trials.
