

We have been planning for Festival Conference at the University of Hartford in June of 2022, with the understanding that we can hold it indoors, with the recommended COVID safety protocols that will be in place at that time. If you recall, it was this time last year that we had decided to postpone Festival Conference to 2022 because of the uncertainty surrounding the COVID-19 pandemic. We all know that we're not all completely out of the woods by now, and we still can't predict how things will be in June of 2022. We'd like to find out from you what you're comfortable with at this time if we move forward with holding F/C as planned. Please take a moment to complete [this survey](#).

As of this writing, the University of Hartford is limiting how the public can attend large gatherings on campus. We are in communication with our contact at UHart to get updates to their policies and how it may affect us. If you are interested in following the University of Hartford's updates and guidelines for their campus community in the coming months, I encourage you to go to their COVID-19 Dashboard on their website. <https://www.hartford.edu/healthy-hawks/covid-19-tracking-dashboard.aspx>

We are certainly committed to making Festival/Conference safe and enjoyable for all of you who choose to attend. We look forward to welcoming you and our guest clinicians, Brian Childers (Massed and Tins Division) and Stephanie Rhoades (Coppers and Bronze divisions). We will also have mini-concert opportunities for you or your choirs to perform in, plus much more!

Here is the repertoire list in case you haven't seen it! We hope you enjoy working on these selections!
