

Notes from CONNECTICUT

Gina Williams
Connecticut State Chair
ct.area1@handbellmusicians.org

As the new state chair I am excited about our future in Connecticut. I have sent emails to the Connecticut contacts that I received and have heard back from many of you! I really would like to shake things up with more activities, ways to get to know one another. Spring Rings are loads of fun, but I know there are other ways to ring together. I will continually look for your feedback regarding what you would like and/or need. I am particularly interested in our youth, as they are our future.

Many of us participated in The Great Christmas Ring at the Bushnell on November 3rd. Quite admittedly I was cynical about this event, however I can enthusiastically recommend your participation in the future. It was apparent that everyone who participated had a wonderful musical experience.

SAVE THE DATE!

Plans are underway for the Connecticut Spring Ring. It will be held on March 28th at Hadam-Killingworth Middle School. Clinician will be Jane Nolan. Specific workshops are still being planned. Feel free to contact me about workshop ideas!
