US-95, Fruitland to Payette

Construction Update

August 31 to September 6

Paving will begin on US-95 between the Payette River Bridge and 16th Ave in Fruitland. Paving will stop before the intersection. See below for more info.

Paving Work in Fruitland

Paving on US-95 between the south end of the Payette River Bridge and 16th Avenue is scheduled to begin this week. Crews will not pave through the intersection of US-95 and 16th Avenue (US-30). Paving through the intersection will happen at a later date.

What to expect:

- One lane open in each direction with occasional flagging
- 35 mph speed limit in the work zone
- Shifting traffic patterns
- Delays, allow extra time and consider an alternate route

Shoulder Work in Payette

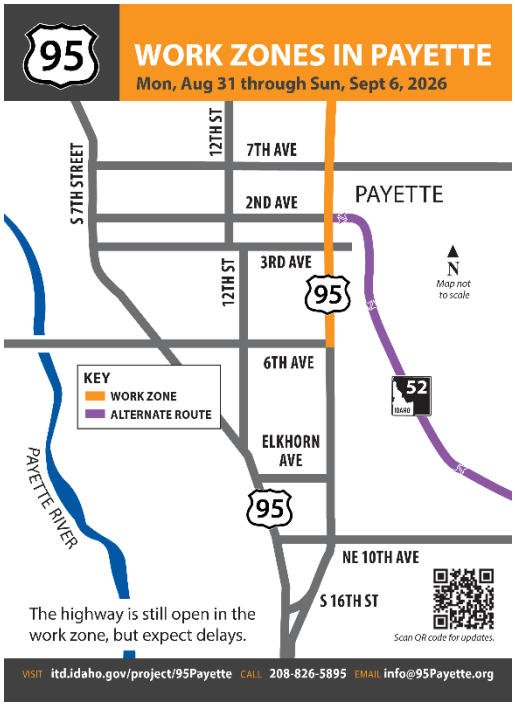

Crews continue to demolish sidewalks and gutters along US-95 from 6th Avenue to north of 7th Avenue in Payette. Crews are also working on approaches and driveways north of 7th Avenue.

What to expect:

- Reduced to one lane with temporary signals directing traffic at NE 10th Ave and 6th Ave
- Some approaches fully or partially closed
- 35 mph speed limit in work zone
- Delays, allow extra time and consider an alternate route

Construction activity, locations and schedule may be subject to change.

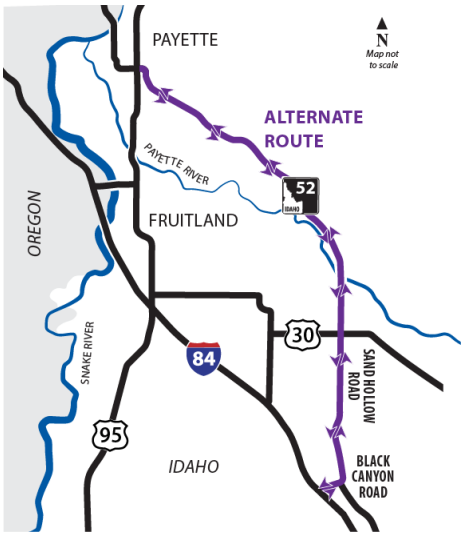

Alternate Route

This project is expected to create significant delays for motorists on US-95. It is recommended to use alternate routes when possible.

Please remember:

- Use caution when driving in work zones and be courteous of other motorists
- Watch for flaggers in the roadway
- Slow down
- Don't block intersections, driveways and entrances to businesses

Download alternate PDF map here

This project is expected to create congestion and significant delays in the Payette/Fruitland area. Please plan ahead, **check 511** and allow for extra time or consider an alternate route.
