

ARTS IN EDUCATION BENEFITS EVERY STUDENT

Dance Music Theatre Visual Arts

Every student deserves a well-rounded education that includes equitable and high-quality instruction in and access to all of the arts that prepares all students for success in school, higher education, the workforce, and life-long engagement in their communities and in learning.

- **Academic Benefits:**
Life-long, well-rounded, high quality education in the arts is critical to student academic success.
- **Societal Benefits:**
Arts Education engages students with creativity, collaboration, and problem solving skills necessary to capitalize on life and career opportunities.
- **Personal Benefits:**
Students learn innovation through creative thinking, character through connections and collaborations, and ways to navigate through our changing society.
