## Biology Workshops for Kids

Bionerds offers fun, hands-on biology workshops for kids K-8th grades in many cities throughout Orange County. We have after-school, in-class, home school, camps, party, field trips, and Girl Scouts programs. We are honored to be voted Orange County's Best Science Camp 2015-2017 for two years in a row by Parenting OC Magazine families. We are also chosen as one of the Coolest After-School Classes in the Country by Red Tricycle website. All of our teachers have degree(s) in biology or other related sciences.

### Let's Dive into the Ocean!

Come and join this fun and hands-on biology workshop for kids! Learn about the amazing marine animals from the starfish, clams, squid, octopus, shark, and more. Your child will be up close and personal with the live/preserved/fresh organisms and/or perform dissections/cool biology experiments using lab equipment/tools.
