### **FROM THE TEACHERS:**

Many high schools and colleges use a Learning Management System. St. Serra adopted Canvas this year as our Learning Management System. The teachers have been working diligently to make sure that students have easy access to classwork, along with homework and assignments. Most things are documented on the Canvas calendar. However, we have found that the students rarely look at it to be sure they have assignments completed and what is expected of them. Please take the time to look at Canvas and partner with us to teach your children to review Canvas everyday as they prepare for high school. We want all of our students prepared for the expectations of high school!

You can access Canvas [HERE](#), or through your child's computer.
