

Curriculum Surveys

Parents, please take a few minutes to let us know about your child's learning needs for the upcoming school year by taking our survey. Please take the survey for the grade/level your child will be in for the upcoming 2021- 2022 school year. If you have more than one child in our school, you will need to take the survey for the upcoming school year for each of your children using the links below. Each spring we use these surveys to plan for curricular needs and place students in homerooms for the upcoming school year. Learning more about your child's personality and learning style will better ensure proper homeroom placement by our educational team. Please know that due to the diverse learning needs found within every grade level at St. Junipero Serra Catholic School, one of our placement objectives is to balance the homerooms with a variety of students. Please keep in mind that we do not take teacher requests and we do not guarantee any requests.

See survey links below:
