NOTES

The rooms used for the Fernway students were made available by:

- Relocated Intervention Specialists at the host school and other student support services providers will push in to classrooms to provide services and will work in other spaces throughout the building.
- Relocated single-subject teachers at the host school, such as world language teachers, music, art and computer design teachers will be teaching in multiple classrooms.
- Desktop computer labs are being replaced by Chromebook carts.
- Instruction that is typically provided in flexible learning spaces, such as computer labs, science labs and learning labs will be provided in classrooms.
