

**Prairie UU**  
**Policy for Special Collections**  
Approved August 19 ,2020

It is the policy of PrairieUU to take a special collection one time per month for a cause specified by the Social Justice League.

Only causes that support our mission will be considered. Priority will be given to causes that

- Support the local community where our money sends a message about our values
- Supported by the broader Prairie community

The expectation is for no less than one full Sunday Collection per month to be shared.

The Social Justice League will determine and publicize in advance who the collection will go to. They will coordinate with the office, the process to get money to the recipient. The Social Justice League should reflect their decision in their minutes.

If less than 3 members from the Social Justice group are involved in the selection of a charity, the Board will need to also approve.

The Board may decide to do a Special Collection from time to time for such things as a disaster or other urgent thing. This special collection may supersede the above or be in addition to.

This policy should be reviewed prior to the beginning of each fiscal year.
