Re: Support for HB 838
From: Deborah Bond-Upson, HE'E Interim Director
Date: February 26, 2025

Hui for Excellence in Education, or "HE'E," is a statewide coalition of diverse stakeholders committed to working collaboratively to identify opportunities to improve public education. We work to provide Hawai'i families and organizations with a resource for educational policy.

HB 838 increases the bonus for teachers who achieve and maintain national board certification, from \$5,000 to \$10,000 per year. The NBPTS (National Board of Professional Teaching Standards awards teachers certification as NBCTs, if they successfully complete the multi year extensive effort to prove their teaching efficacy via portfolios, videos, and evidence of student success.

NBCTs have proved commitment, instructional skill, subject matter knowledge, and impact on student learning. They are teachers who can make the most significant improvement in student achievement. Highly qualified and experienced educators are the most important factor, after family support, of student success. It is well documented that teachers reach greatest efficacy after 5 years of teaching. Yet studies show that only a little over half of new teachers in Hawai'i stay in the profession past their fifth year. If we can increase the number of teachers who pursue national board certification, and further influence them to continue teaching longer, we will have made a significant improvement in our schools.

We strongly support HB 838 and its increase in national board bonus for Hawai'i teachers

We thank you for this opportunity to share our thoughts.

HE'E Coalition Members and Participants
