

LETTER FROM KBR President, Milo Spindt:

“REALTORS® Rooted in Service”

Do you know a Realtor or a Realtor Company that gives back to the community?

We have the unique responsibility of knowing more about our community members than most other professions. Realtors are involved in families' lives in an intimate way. We help them find their homes, the places where they raise their children, retire to enjoy their golden years or use as their retreat from the rest of the world.

Many Realtors are also quietly involved in community activities like coaching youth sports, beach clean up projects, or helping build affordable housing.

Far from the transactional business people that many think we are, Realtors are Rooted in Service. We are deeply integrated in our community for personal, professional and philanthropic reasons.

The theme of my year serving as your Kauai Board of Realtors President is “Realtors Rooted in Service”. Many of you know about my personal passion for affordable housing and my focus this year will be to help raise \$100,000.00 for infrastructure on a Kauai Habitat for Humanity project in Lawai. At the Fall General Membership Meeting and Installation of the KBR Board of Directors, I kicked off our fundraiser by donating \$1,000 towards our goal of \$100,000. I hope you will join me in this effort and donate what you can towards this affordable homeownership project.

As the year progresses, we hope to share more stories about Realtors who are Rooted in Service to our Kauai Community. If you know someone who is involved in a community activity and would like us to share their story please reach out to me or our KBR staff.

Mahalo,

Milo Spindt

KBR MISSION STATEMENT: “Our mission is to elevate professionalism in our members and to advocate real property rights for all.”
