

NOMAD II

The spaciously designed layout of Nomad II reveals innovative architecture where every detail has been planned to create a warm, homely atmosphere. With her new visual identity, rigging and hull design, she provides increased performance, comprising a unique brand signature. Indeed, Nomad II's elegance seduces thanks to the bevelled shape of her hulls, generous volumes and panoramic views, more than ever enhanced.

A flybridge with two secure accesses and a helm station provides perfect visibility. And behind the helm station, a huge modular recreation area conceals a storage area large enough to store all the cushions.

A large open cockpit facing out to sea, large stern skirts enable easy access to the boat and a large modular dining area with removable bench seats to welcome children and adults alike.

A second cockpit for further enjoyment of the foredeck with dual function: seating or deck chair position, flush with the forward trampoline.
