

## 'נ' Challenge!

- 1) What is 70 in this weeks הַזָּהָר?
  - a) Name at least four other places (גְּדוֹלָה or oּבָה) where we find the number 70.
- 2) I never listened to עֲמָלֵךְ,  
I am my fathers only son,  
I killed my great uncle,  
Who am I?
- 3) Which person, by far, cried the most in הַזָּהָר?
  - a) List two times that בּוּרִי cries in this weeks הַזָּהָר.
  - b) List at least four other times he cries in הַזָּהָר גָּדוֹלָה.
- 4) For how long did בּוּרִי rule after אָבִי' was נָפָא?  
Explain your calculation.
- 5) Name at least eight animals mentioned in הַזָּהָר. רְכָבָת'
- 6) אָבִי' suffered from me in his old age,  
his father suffered from me as well,  
There is someone, who the הַזָּהָר explicitly says, did not.  
Who am I? \_\_\_\_\_ Who did not? \_\_\_\_\_

- 7) **Super Challenge:** בּוּרִי was given to בּוּרִי as a gift from אָבִי'. Why would בּוּרִי still have been the rightful owner of בּוּרִי, even if אָבִי' would have never conquered בּוּרִי?

\_\_\_\_\_ (Hint? through נָפָא)

1) **What is 70 in this weeks ଏତା? The days of ଜାମାଳ୍ ଫୋର ଲୋପ'**

a) Name other places (पास or ओरे) where we find the number 70.

1) 70 children of נָצָר who came to אֶgypt	8) 70 years of זְמָן
2) 70 nations	9) 70 years of שָׁנִים
3) 70 languages	10) 70 שָׁנָה that translated the תְּנִינָה
4) נָצָר was 70 when he had children	11) נָצָר שָׁנָה (הַלְלוּ)
5) 70 palm trees	12) שָׁנָה בְּרִית מֹשֶׁה (הַלְלוּ)
6) 70 שָׁנִים	13) הַלְלוּ כָּל שָׁנִים (הַלְלוּ)
7) The מִיעּרָה of the אֶgypt was 70 שָׁנִים	14) שָׁנָה מִתְּרָה (הַלְלוּ)

2) Which person, by far, cried the most in ଜୀବନ? ଫୋଟୋ

a) List two times that 'for' cries in this weeks ଏବାର.

When אָבִיךְ is אָבָרָהָם, and when the brothers ask for אָחִיךְ

b) List at least four other times he cries in *ת'רמ"ג* १००.

- 1) When he hears his brothers regretting their treatment of him.
- 2) When he sees יַעֲקֹב for the first time
- 3) When he reveals himself
- 4) On יַעֲקֹב's after he reveals himself
- 5) With his brothers after he reveals himself
- 6) When he meets אֶسְתֵּר

**Explain your calculation.** ዳዕር was 30 when made king. አያዥ' came down in the after 7 years of plenty and two years of hunger. This means ዳዕር was 39 when አያዥ' came down. 17 years later አያዥ' was ፳፭, this makes ዳዕር 56. He was ፳፭ at 110. This means he ruled another 54 years.

4) Name at least eight animals mentioned in **לרכות' ז' גראט**.

## Loin, Lioness, Donkey, Snake, Horse, Deer, Ox, and a Wolf

5) **apx' suffered from me in his old age,**

**his father suffered from me as well,**

**There is someone, who the ຂ່າຍ explicitly says, did not.**
