

# "AI" is a tool. So, what does that mean?

The innovation is here. How do we move forward? How can we use the tool responsibly? Can not guarantee we have all the answers (I am not an AI), but join us for a presentation and discussion on the potential, challenges,

and possible future of that tiny buzz word known as AI.

Thursday, April 10, 2025  
10:00 am – 12:00 pm

**Hybrid class:** Online through **Yuja** and In-person at Tallent Hall, Room 182

Presentation and discussion will be facilitated by Heather Premeau-Miles. She is a UW-Parkside Computer Science alumna. She is currently a three-semester instructor for Gateway Technical College teaching topics which include Data Security, Help Desk Fundamentals and Emerging Technology. She has a passion for learning and the desire to ensure all voices are heard in our ever-changing technology driven world.

**Questions? Contact Merrilee Unrath at [mleuu@wi.rr.com](mailto:mleuu@wi.rr.com)**

**Fee:** \$10 for Member and \$20 for Guests

**Register by: 04/03/2025**

**To register [click here](#)**

Once your registration is complete, you will receive a confirmation email.

You will then receive an email reminder a few days before the event.

If paying via check, make check payable to UW-Parkside/ALL and write the class name in the memo line on the check.
