

We are pleased to support you as a valued member of the Good360 nonprofit network by providing access to products that help further your mission. As you know we provide many services including the distribution of product donations from our local warehouse. Thanks to our partnership with Good360 we can access many other products typically not available to local nonprofits. To continue our relationship and provide you with access to additional products available in the Good360 warehouse we are requesting that you register with Good360. There is no cost to membership with Good360.

Please visit the Good360 registration page at <https://good360.org/marketplace/register/basicinfo/npo/>.

On the third step of registration ("Verification") you will see the field to enter the Parent Identification Code two thirds of the way down the page. It will read **"If you were given a Parent Identification Code to register under a Good360 Community Redistribution Partner (CRP), enter it here"**. Please enter the number **100065684**. By entering the Parent ID Code, your organization will receive a 20% discount on applicable administrative fees on Good360's online product catalog.

Once registration is complete you will receive an email with your unique registration number and information about accessing the Good360 online product catalog.

Remember that thanks to our status as a Community Redistribution Partner with Good360 we often have product that is not available online or in smaller quantities than can be ordered directly. Please call us if you have any questions or product needs. We are happy to be of service to your organization.
