- ENTRY FEE \$25 includes a t-shirt
- GET FRIENDS to Sponsor You
- TELL EVERYONE what it's like

NOT the
Walk Day!

March 22
World Water
Day!

- ✓ Clean, safe drinking water is scarce.
- ✓ 80% of communicable diseases are water borne.
- ✓ 1 billion people in the developing world don't have clean water.
- ✓ Women and girls especially bear the burden of finding and carrying water.
- ✓ Less time is available for school, farming, and family care when women and girls have to walk long distances.
