

## ACCEPTING APPLICATIONS FOR SCIENCE POLICY FELLOWSHIPS

The Global Change Center is pleased to offer Undergraduate Science Policy Fellowships to rising junior and senior science and engineering students who seek to understand the role science plays in public policy.

Fellowship recipients attend the six-credit Washington Semester summer program offered by the School of Public and International Affairs (SPIA) while interning 30 hours per week in Washington, D.C. The program offers a unique 11-week immersion in agencies such as USAID, USEPA, USDA, the Nature Conservancy, and the American Red Cross.

APPLY BY

## DECEMBER 1, 2018
