## After School Care

After school supervised care for students is provided in the church basement and outside at our playground. If the weather is nice, we stay outside beginning at 3:30. This program will include supervised homework, snack, and play time. This program will begin when Saint Rose School dismisses and will last until our rehearsal begins at 4:15. This is provided at no cost to the singer. Each singer is asked to bring a snack with them. We will not have snacks available for purchase this year.
