

SCHOOL SUPPLIES NEEDED!

Families in America need *your* help!

During these hard times, migrant farmers in America still continue their grueling, essential work in fields to feed us every day. Yet, many still can't afford to support their families with the low wages they make.

In this pandemic, the back to school season is more difficult than ever. Migrant families often do not have access to WiFi or can't afford to buy school supplies for their children.

Join me in donating to this cause by participating in my school supply donation drive!

We can all give back to the people who feed us!

We need:

- ☐ Loose-leaf paper
- ☐ Notebooks, journals and Composition Books
- ☐ Pencils, Pens, Mechanical Pencils
- ☐ Markers, Crayons, Colored Pencils
- ☐ Art supplies
- ☐ Highlighters, colored pens
- ☐ Glue sticks, glue bottles, tape
- ☐ Scissors
- ☐ Index cards, sticky-notes
- ☐ Books (English/Spanish)
- ☐ Backpacks, lunch boxes, pencil pouches

And more! Any donation is greatly appreciated.

The drive will be held from August 27th to September 13th

All donations will be sent to the Ohio Migrant Education Center (OMEC) and then shipped to farmworker families and students in Texas and California.

Please contact me for any questions!
