

Saint Rose Catholic School

2020-2021 iPad Policy

Each student in grades 6-8 will be required to have an iPad for use at school. For a yearly fee Saint Rose will supply the student with an iPad for use throughout their 6th - 8th grade years at Saint Rose. This iPad remains the property of Saint Rose Catholic School until the student graduates from 8th grade. If a student leaves Saint Rose Catholic School before they have paid all fees attached to their iPad, they will have an option to “buy out” their iPad for the remaining cost. If they choose not to do this, the iPad will remain property of Saint Rose Catholic School. If a student enters Saint Rose as a seventh or eighth grader, the remaining balance of the iPad must be paid before it becomes the property of the student. If the balance is not paid it will remain property of Saint Rose School.

Security All iPads will be monitored through a Mobile Device Management (MDM) system. Through the MDM, profiles will be installed that will restrict certain functions of the iPad. This will minimize distraction and ensure the device is used to aid in learning throughout the school year.

All software will be installed by the Saint Rose Catholic School Technology Department. All software and books on the devices will be licensed to Saint Rose Catholic School. At no time should a student or parent install software that is not licensed to Saint Rose Catholic School.

Restrictions and software may not be removed from the device. If software or restrictions are removed or attempted to be removed from the device disciplinary actions will be taken.

All devices remain the property of Saint Rose Catholic School until graduation from 8th grade and/or all fees attached to the device are paid. Saint Rose has the right to supervise all use of the device. While on campus, all devices, even devices from home, can be monitored for content stored or accessed through the network.

The students will have access to the internet with their devices. Internet filtering will be provided while on the Saint Rose campus. When the device leaves the campus the student and families will be responsible for internet security. It is suggested that an internet filter be used at home.
