June 30	OKC Arriving 7:31 PM	Sleep in Own Beds	Thank you Lord!!

2. **Trip to Liberia Continued:** You don't need to be told how to pray but you will appreciate a list of things to pray about.
- First, it is our prayer that we will be a great encouragement to passionate leaders who are evangelizing, discipling, planting churches, and training leaders and workers.
  - Second, we will be training Generation 1 Master Trainers June 16-19 using stories from the Bible related to extraordinary prayer.
  - Third, we will be observing Generation 2 Master Trainers as they train Generation 3 Master Trainers and then go to remote villages of darkness to share the Gospel stories with the goal of leading many to faith in Christ.
  - Fourth, we will join in worship with Africans who are typically jubilant with praise and eager to hear God's redemptive stories.
  - Fifth, Ralph will be preaching each Sunday.
  - Sixth, Rosene will be taking time with women who have gone through much suffering and need encouragement from God's Word. She will also help with story telling when we train and will visit a school where she has already made an investment in the children and faculty.
  - Seventh, Benjamin Burkhart will have his first taste of Missions on the field and will help with telling stories for our training. He will also train our Master Trainers how to share their faith using the "Three Circles." He will also be prepared to share his testimony and take lots of photos. Ben has a Missions
3. **Pandemic in India:** Our lead Master Trainer in Secunderabad, India, Dhanraj Kota, reported that the pandemic is most severe in India. His son, Jason, college age, has been infected and recovering. Gabriel, Master Trainer in Telegana, has the virus and after recovering in ICU is still unable to walk without assistance. Ruth, a pastor's daughter, was very sick with COVID19. Sad news came today that she died. The hospitals are full and medicine is scarce. Many pastors have died and the people are desperate since lockdown regulations deprive most from making a living.
4. **African Leadership Conference in the Fall:** We have an opportunity to train key leaders in 25 countries of Africa. They will return to train their leaders who in turn will train believers in evangelism and discipleship using orality methods. The conference may be held in September. Pray that good decisions will be made about where to hold the conference, when to schedule it, who to invite.

5. **Master Trainers:** The Generation 1 Master Trainers we will train June 16-19 are seen in the photo to the right: Haba Kouly, Samuel Yarmo, Eleazar Gbenga, Titus Davis, Albert Dossen, Musa Kpaka, Matthew Kangor, and Michael Gomet. They are incredible men!
