If you are interested in working in a premier facility with excellent compensation and benefits, we would love to speak with you about this exceptional opportunity!

Since 1983, Sierra Tucson has led the way in addiction and behavioral health treatment in Arizona, across the country and internationally. Distinguished for comprehensive programs, innovative and effective therapies, and clinical excellence, personified by an extraordinary and highly credentialed staff, Sierra Tucson provides comprehensive treatment to identify and resolve underlying issues that cause behavioral health disorders. Sierra Tucson combines integrative and experiential therapies with evidence-based practices to provide a full range of treatment modalities. Patients receive the resources, support, and tools necessary for long-term change to occur, including one full year of continuing care and a lifetime of alumni services. Our serene, 160-acre campus is located in beautiful Tucson, Arizona, and is a place of peace, hope and healing.
