

2018 Open Enrollment MEDIGAP Considerations

2018 enrollment period **STARTS**

2018 enrollment period **ENDS**

Changes made to your Medicare coverage during this period will take effect January 1, 2018

During Open Enrollment you can

- Add, drop or change your Medicare Part D prescription drug coverage
- Change from Original Medicare to Medicare Advantage
- Change from Medicare Advantage to Original Medicare

Also, if you are enrolled in a Medicare Advantage plan, from January 1st to February 14th of each year, you may leave your plan and switch to Original Medicare and join a Medicare prescription drug plan.

Changes in your Medicare health or prescription drug plan coverage may also affect your choices about Medicare Supplement Insurance (Medigap)

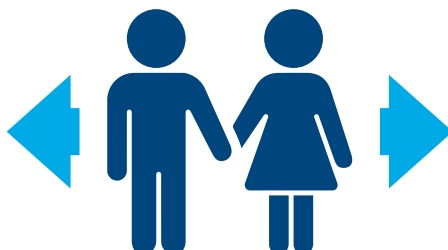

- Medigap is private health insurance that can help pay some of the costs or “gaps” that Original Medicare does not cover (like copayments or coinsurance)
- Medigap is called “Medicare Supplement Insurance” because it adds to, or “supplements,” your Original Medicare benefits

- **Medigap ONLY helps with Original Medicare (Part A and Part B)**
- **Medigap DOES NOT help with Medicare Advantage (Part C)**
- **Medigap DOES NOT help with a Medicare Prescription Drug plan (Part D)**

**If you change from
Original Medicare to
Medicare Advantage**

**You cannot use a
Medigap policy**

If you later leave the Medicare Advantage Plan and return to Original Medicare, you may or may not be able to purchase another Medigap policy.² You have a legal right to keep the Medigap policy after you join a Medicare Advantage Plan.
