

September 2022

Hafa Adai Chamber Member,

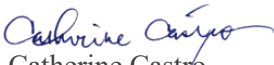

It is now twelve years since we began the Toys for Tots program in partnership with the Guam based U.S. Marine Corps office, now known as Marine Corps Base Camp Blaz. It has been an honor and a pleasure to be an inaugural partner in this valuable program that benefits our local and regional children most in need. Our fantastic Chamber members and community partners have been tireless supporters and continue to engage and inspire us with their commitment to provide toys each year. Even through the pandemic years when many places were closed, our members stepped up and provided support when it was needed most.

As a past partner in the Toys for Tots program we reach out to you to gauge your interest in supporting this year's program. If you feel comfortable collecting toys from the community or within your company in support of Toys for Tots this year, please let us know. If you would rather provide a financial gift via the Guam Chamber and have the Chamber purchase toys for direct giving to Marine Corps Base Camp Blaz, we are happy to do this for you.

We know that this is a big ask considering the economic climate we are in. We appreciate your thoughtfulness as you determine whether the Toys for Tots program will be a part of your corporate support this year. Please let us know your decision by checking either of the boxes below that fits your response. Thank you for your consideration.

The Chamber Team and I send our sincerest thoughts and best wishes to you for this upcoming holiday season.

Si Yu'os Ma'ase,

Catherine Castro
