

SOCIAL DISTANCING GUIDELINES

- As per CDC Guidelines, Sheraton Laguna Guam Resort requires temperature screening upon entrance to the Hotel at the main lobby doors.
- Event floor plan set-up is based on Department of Public Health & Social Services (DPHSS) Guidance Memo 2020-29, stipulating that indoor congregation is restricted to 50% of the occupancy load.
- Regular seating arrangement of 10 guests per table will now be arranged at 6 guests per table with 6 feet in between to maintain social distancing.
- Guests must wear a face mask at the buffet service line and must remove face mask ONLY to consume food & beverage; talking is strongly discouraged without a face mask.
- F&B Service Associates are required to use proper Personal Protective Equipment (PPE) for the duration of service.
- Cafeteria style dining service will be followed whereby guests are to line up at the buffet line and follow the 6 feet distance floor guide to be served in a timely manner. Culinary or F&B Service associates ensure proper distancing in lines.
- Culinary and F&B service associates will be responsible to scoop the food item onto the customer's plate. Food safety practices for time/temperature control must be adhered to prevent cross contamination.
- Everyone must frequently wash hands.
- Hand sanitizers will be available throughout the Hotel.
- Sheraton Laguna Guam Resort Food & Beverage Director, managers, and supervisors have proper ServSafe certifications and health certificates.
