DPHSS Guidance Memo 2020-11 Rev10

RE: Additional Guidance Relative to Executive Order No. 2020-34

As part of Guam's ongoing effort to contain the spread of COVID-19, all individuals entering Guam by air or sea shall be subject to a 14-day quarantine. Arriving passengers must first quarantine at a Government of Guam Quarantine Facility, unless the individual qualified for quarantine at an approved rental lodging or personal residence as authorized by the Guam Department of Public Health and Social Services ("DPHSS").

In coordination with the Guam International Airport Authority (GIAA), transiting passengers may be asked to remain in a designated section of the airport facility while awaiting connecting flights less than 13 hours from landing time to departure time. Transiting passengers awaiting connecting flights in excess of 13 hours will quarantine at the Government of Guam Quarantine Facility until they are transported to GIAA to transit off Guam.

All persons are required to fill out a Health Declaration form upon arrival in Guam. Individuals subject to Government of Guam quarantine restrictions are requested to voluntarily comply with the Government of Guam quarantine requirements and indicate their willingness by signing a *Voluntary Quarantine Acknowledgement* form. Individuals who choose not to sign or do not agree to voluntarily comply with quarantine will be subject to Involuntary Quarantine and issued a Directive for Temporary Quarantine. Individuals who are involuntarily quarantined will also be issued a copy of the 10 GCA Chapter 19 Article 6 and Definitions, and notified of their right to legal representation.

Government quarantine facilities, and all services included therein, are provided at no cost to travelers.

Compliance with voluntary quarantine regardless of location is subject to monitoring, verification, and enforcement. **The knowing and intentional failure to follow any part of this order constitutes a misdemeanor punishable by a fine of not more than \$1,000 or imprisonment of not more than one year or both (10 GCA, Chapter 19, §19604 (c) Cooperation).**

This Guidance does not apply to individuals identified as contacts to persons with COVID-19. Contacts will be subject to quarantine based on applicable Guam law, the Guam DPHSS contact investigation and quarantine protocols as well as U. S. Centers for Disease Control and Prevention's ("CDC") guidelines, which may extend the quarantine period beyond 14 days.

All travelers are encouraged to download the Guam COVID Alert application on their mobile device.

For questions or concerns regarding this document, please send an email to **dphss_quarantine@dphss.guam.gov**.
