

FROM ANDERSEN TO COCO'S ISLAND, EVERY MIND BELONGS

WALK DIFFERENT EVERY STEP MATTERS

A JOURNEY ACROSS GUAM TO RAISE AWARENESS, ACCEPTANCE,
AND SUPPORT FOR INDIVIDUALS AND FAMILIES AFFECTED BY AUTISM.

Buenas yan Hafa Adai from Off The Spectrum,

This is Anthony Cruz and our team at Off The Spectrum is very excited to announce Walk Different: Every Step Matters, a community event composed of a length of the island walk on September 19th, dedicated to promoting autism awareness, acceptance, inclusion, and support for individuals and families adapting to life with the Autism Spectrum Disorder on the island of Guam.

Our vision is to create a family-friendly celebration that brings our community together to inspire increased empathy, inclusion, and love for our children, and brothers and sisters on the spectrum. To coincide with the length of the island walk, Off The Spectrum is partnered with Alter Ego Entertainment who will be live-streaming the entire event! That is an estimated 12+ hours of live coverage of the walk where viewers from all around the world can tune in!

As a valued member of our island community, we are happy to invite your business to partner with us through sponsorship, donations, in-kind services, or volunteer support. Your contribution will help us provide an unforgettable experience and help us achieve our mission of making Guam a place, Where Every Mind Belongs!

By supporting Off The Spectrum, your business will: Demonstrate its commitment to community service and inclusion; Gain positive visibility among families and our local community; Recognition of a supporter of Autism Awareness; and Create opportunity for education, advocacy, and connection throughout Guam.

Together let's build a more inclusive Guam where every individual is valued, supported, and celebrated for their unique strengths! We would be love to discuss partnership opportunities with you and answer any questions you may have. God Bless!

BEING OF VALUE TO YOUR BUSINESS: GROWING TOGETHER

As much of a beautiful cause as we are working to achieve together, our team at Off The Spectrum understands that your business must allocate the resources it possesses towards investments that generate further business.

With that being acknowledged, a high priority of focus for our team at Off The Spectrum is to be of value and an asset to your company.

With Walk Different, you can expect thousands of social media impressions, along with a positive gain in reputation within the community in Guam for being part of a worthy and beautiful cause.

Along with social media exposure, for a more direct benefit to your company, Off The Spectrum will create gentle and meaningful processes to acquire attendee and participant information which could be of tremendous value for additional sales opportunities.

At Off The Spectrum, we also realize that although we do our absolute due diligence, we are always open to suggestions on how we can be of further value to your company. Let's work together to spread awareness, love, and inclusion for our brothers and sisters going through life overcoming the challenges of autism, while simultaneously growing our businesses to impact the community in a positive way.

THE FIRST OF MANY PUZZLE PIECES (LOOKING FOWARD)

Our team at Off The Spectrum recognizes that one event is merely but a small step on the journey of complete awareness, inclusion, and love for those embracing the challenges of life with autism. With that being said, Walk Different is more than an event, but rather the opening chapter of playing our role in making a positive impact in the Autism community on our island of Guam.

Looking towards the future, Off The Spectrum plans to make Walk Different an annual event with additional events throughout the course of the year to keep the core mission of Autism Awareness and inclusion at the heart of our decision making. Additional events that we plan to incorporate in the near future our events such as 5Ks, guest speaker series, parent appreciation events, and more!

With your initial support for the catalyst event of Walk Different, you can be assured that your support will extend far beyond one singular event, but be remembered as a vital component to the cultural shift of island wide inclusion and awareness for those on the autism spectrum.

As a parent of a child with autism, your consideration and support are beyond appreciated for. God Bless and together we can spread love and understanding for the children, parents, and our brothers and sisters overcoming autism.
