POLICY EDUCATION → CANDIDATE FORUMS → POST-ELECTION ACCOUNTABILITY

Put every promise to the same hard test

Project Prosperity does not tell candidates what to say—or voters what to think.

01

ACTION + BASELINE

What exactly will change, and what is true now?

02

COST + FUNDING

What will it cost, and what pays for it?

03

OWNER + DEADLINE

Who is responsible, and what happens by when?

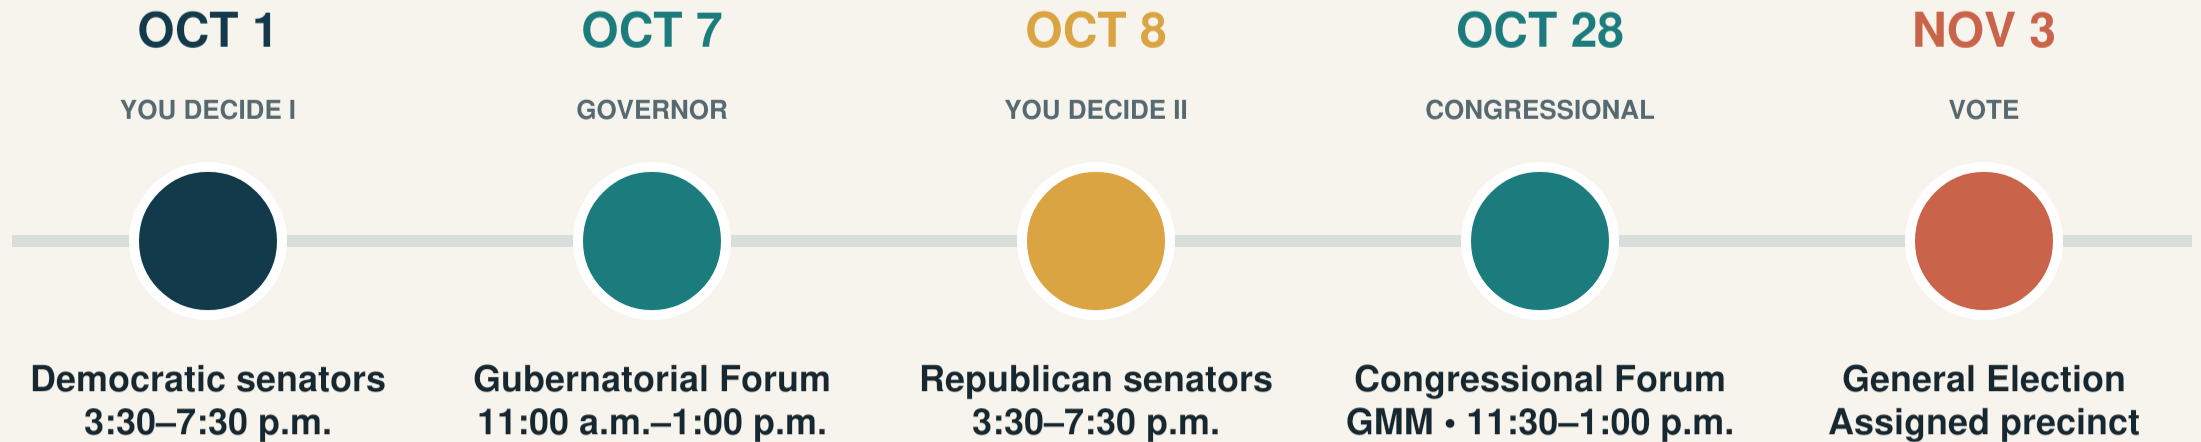

04

RESULT + CORRECTION

How will we measure progress—and fix failure?
