Great reasons to join your Guam Chamber of Commerce

Return on Investment

Business Advocacy

Your Guam Chamber follows and acts on local and federal legislation that may impact the private sectors' ability to do business or may inadvertently affect specific industries. We work with government authorities and agencies to support efficiencies and effectiveness wherever possible to clear regulations and other impediments associated with licenses, permits and the like.

Additionally, the Chamber keeps Guam's private sector voice top of mind when engaging in policy platforms and economic resiliency discussions. The collective voice of the membership through the Chamber acts as a catalyst to identify issues that impact the business community at large and works towards positive resolutions for all.

Health Care Insurance

Your Chamber offers health insurance to our members under our group health plan with Calvo's Select Care. If you want to know more about this, please contact a Chamber Team member at 671-472-631/8001.

Discounted Training

Chamber member companies and any of their employees may avail of training sessions and seminars that would be beneficial to their needs. These sessions and seminars are offered at rates only available to our members. While we provide experts to present on many different topics and areas such as business start-up, tax preparation, marketing, human resources updates, economic outlook, etc., we also welcome recommendations from our members.

Member to Member Program

Member to Member deals provide members an opportunity to save money on services and goods. Offers includes discounts on office supplies, advertising, entertainment, insurance, auto services, catering, meeting spaces and more. This program offers participating members a vehicle to expose their business, products and services to thousands of employees of fellow Chamber members.

Sponsorship Opportunities

Throughout the year your Chamber hosts many events which allows for many sponsorship opportunities. When you choose to sponsor an event, this allows your company to promote your image and brand through a targeted audience.

Networking Opportunities

Find an event that meets your needs and aligns you with meeting new business contacts, expanding your professional networks, and exchange referrals. It is best to use every opportunity to network and it can be done at just about any Chamber event.
