Pop-Up Gallery Experience

As part of the expanded summer activation, a curated **Pop-Up Gallery** featuring Michelle Pier's artwork will be showcased at the **Dusit Thani Guam Resort Ground Floor** with select original pieces available for purchase.

The gallery will prominently feature works inspired by the **Sihek, Guam's native kingfisher** and one of the island's most culturally significant and symbolic birds. Once found throughout Guam's limestone forests, the Sihek has become a powerful emblem of cultural identity, resilience, conservation, and the preservation of indigenous heritage. Through her artwork, Pier features the Sihek as both a visual and emotional tribute to Guam's natural beauty and enduring spirit, inviting guests to connect more deeply with the island's stories, traditions, and sense of place.
