Best Practices To Follow After An Accident

7 Steps to Follow

WHAT TO DO IN THE EVENT OF AN ACCIDENT

An accident can happen in a split second. Being prepared and knowing how to handle the situation can help you remain calm.

1. Check for injuries of those involved.
2. Only move your vehicle if you are creating a traffic hazard
3. Contact law enforcement
4. Exchange information with the drivers involved:
 - Name _____
 - Address _____
 - Phone number _____
 - Insurance policy # _____
 - Name of insured person _____
 - Driver's license # _____
 - License plate and vehicle owner _____
 - Car year, make & model _____
5. Record what happens using phone camera or draw a diagram
6. Place an accident report
7. Notify your insurance provider

WHAT TO TELL YOUR INSURANCE COMPANY

It is best to contact your insurance company within 24 hours of when the accident occurred. When reporting your accident to your agent, be sure to include the following information:

- Date, Time and Location of the accident
- Driver's name
- Vehicle type
- Insurance policy number
- Police Department & Police Report #

You have the choice where to have your vehicle repaired. Preferred repair shops agree to work with insurance companies by minimizing cost and guaranteeing repairs for the life ownership of your vehicle...However, the choice is yours as preferred shops are optional.
