

PAN-OCEANIC

ENGINEERING CO., INC.

Community Hiring!

Ref. Project: CDOT S-0-450 ISW Pullman: 111th & Cottage Grove Improvements

Pan-Oceanic Engineering (General Contractor for ISW Pullman Streetscape improvements) is looking to hire Construction Laborers to join our team. The ideal candidate will assist with a variety of construction tasks on the job site including material handling, site preparation and clean up. This is a physically demanding job that requires stamina, a strong work ethic, and a commitment to safety.

Key Responsibilities:

- Prepare and clean construction sites (e.g., removing debris, setting up safety barriers)
- Operate basic hand and power tools
- Assist carpenters, masons, and other trades as needed
- Follow instructions from supervisor and skilled workers
- Adhere to company and site-specific safety regulations

Requirements:

- High school diploma or equivalent preferred
- Previous construction experience is a plus, but not required
- Ability to lift up to 50 lbs. and perform physically demanding tasks
- Basic understanding of construction tools and equipment
- willingness to work in various weather conditions

Interested candidates can send their resumes to the following email address: info@panoceanicinc.com
