

Download Hometrak App!!

Keep track of your:

- Schedule
- Caregiver
- Patient Profile

Instructions to Download the Hometrak App on your phone

HOMETRAK MOBILE

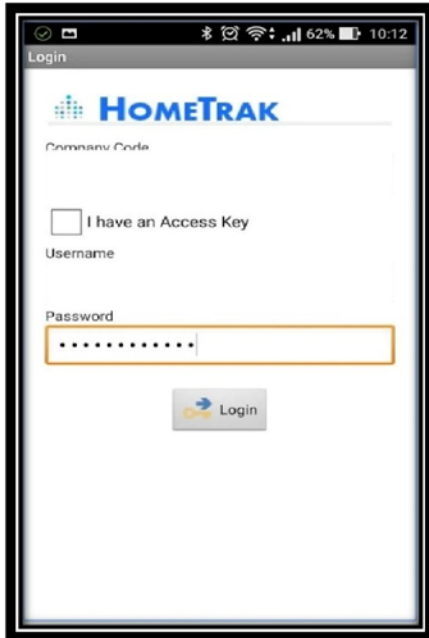

This document will assist you with finding and downloading the hometrak Mobile application for use on your smart phone.

Please remember users will have to be set up in the NBN system first, in order for the app to work.

ANDROID:

Once in Google Play, search for “**HOMETRAK MOBILE**”; click on **INSTALL**
Once installed, click **OPEN**

Upon opening, you will be presented with this login screen (see left)

Company Code = 10422

User Name = Email Address

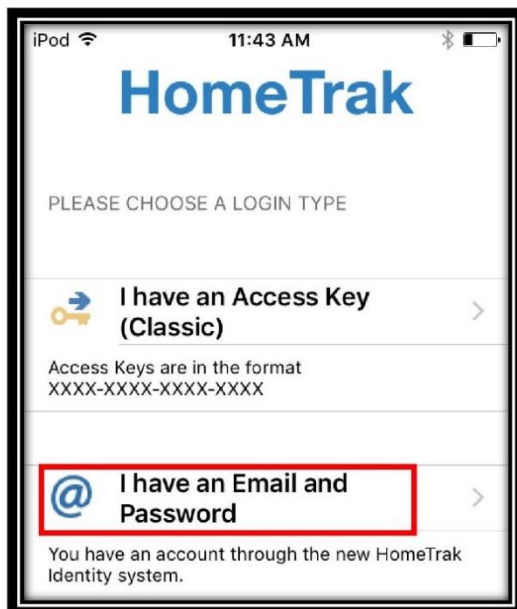

Password = the password you created upon account activation

DO NOT CLICK 'I HAVE AN ACCESS KEY'

IOS / IPHONE:

Once you find “**HOMETRAK MOBILE**”, click on **INSTALL**
Once installed, click **OPEN**

Upon opening, you will be presented with this login screen (see left).

Click “**I have an Email & Password**”

Company Code = 10422

User Name = Email Address

Password = the password you created upon account activation

ONCE LOGGED IN

When a caregiver logs in successfully,
They will see this screen (See Below)

My Profile - Shows the Caregiver their
Own profile

My Calendar - They click on this to
Access their upcoming schedules
