

INSPIRE YOUTH AND SUPPORT DREAMS

At The Sanneh Foundation, our summer staff dare to dream big—envisioning futures as engineers, bankers, entrepreneurs, and beyond. Through hands-on exploration of diverse industries, they're not just imagining success—they're actively building the path toward it. Career goals may evolve, but the chance to discover, explore, and be inspired lays the foundation for a lifetime of possibility.

What does hosting a career exploration day look like?

Provide space and lunch for 25-30 youth workers for training

Provide a career exploration session: This can be a speaker, panel discussion, or activity led by your staff

Sanneh will provide 2-3 chaperones and assist with planning the event in advance
