Golden Gifts: Finding Grace in What We've Received

As we near the close of the year, Growing in Grace invites you to pause and reflect on the gifts & blessings that have touched your life — those moments of friendship, kindness, love, or quiet satisfaction that shimmer with meaning long after they've passed.

In this reflective session, we'll share stories of grace and gratitude, recognizing how God's goodness has been revealed in the ordinary and the unexpected.

Come join us for conversation, creativity, and Christmas blessings — a gentle time to remember that the unfailing love of Jesus still takes root and blooms within each of us.

In honor of the Christmas season, anyone interested is also invited to bring cookies, or other treats that you may want to share with the group.
